Sergeant Dan Osborne, the first Josephine county soldier to return from overseas, arrived here in time to spend Christmas with his parents at Murphy. SUNDAY EDITION OF COURIER DISCONTINUED

The Sunday issue of the Courier will be discontinued after this date, a Saturday afternoon issue taking its place. The Sunday morning issue was made necessary at one time owing to the pressure of advertising and the inability to secure extra help, the delayed publication date allowing time for mechanical work. The small amount of advertising in the Courier for some months past has made the Sunday issue unnecessary.

The Same Price the Country Over

There's always a saving on Wirthmor Waists

THERE'S always a saving on Wirthmor Waists, for the many great economies of the Wirthmor Plan in buying materials, in the making and in the selling of Waists insures that.

Consider these facts: that for several months past, cotton fabrics have cost from 100 to 200 per cent over pre-war days; that trimmings have advanced proportionately; that labor costs have gone up excessively and then you'll wonder as we do, how the price has been kept down so long.

That the price must now be advanced to maintain the quality is not in the least bit surprising; it's surprising rather that this did not occur a long time since for during these past many months Wirthmor Waists could readily have been sold at \$1.50; in fact, would have represented splendid values at that price.

The New Wirthmor Waists Priced at \$1.50

\$1.50 is the lowest price at which a worthy Waist can now be sold. Up to this price the Wirthmor folks will hereafter build Waists that will be just as superior to all others at the price as have the Wirthmors in the past at the former price. For these things the word Wirthmor always will stand; style insurance; quality insurance; economy insurance; the positive assurance that you are receiving the very ultimate in value for your expenditure.
