GRANTS PASS, JOSEPHINE COUNTY, OREGON, TUESDAY, JANUARY 14, 1919.

WHOLE NUMBER 2564.

WILSON PLANS TO MAKE GREAT TOUR OF U. S.

WOULD VISIT MANY LARGE CITIES AND MAY COME TO THE PACIFIC COAST

MAY NOT CALL EXTRA SESSION

Would Inform Country of His Proceedings Abroad—Wants Support of Principles He Enunciated

Paris, Jan. 14.—President Wilson is considering a speaking tour of the United States when he returns, which would take him to many of the principal cities and possibly to the Pacific coast.

With congress out of the way early in March, he would have time before returning to Europe, if he thought a return to Europe was necessary, and he would also have time before the convening of an extraordinary session of congress, should he decide to call one.

The object of the tour would be to inform the country of the proceedings at Paris and sound out and encourage sentiment supporting the peace principles he enunciated, and which he feels have been acclaimed by the masses in Europe.

BOLSHEVIKI THREATEN TO CAPTURE WARSAW

Warsaw, Jan. 14.—Bolshevik forces are converging on Warsaw over three railroad lines. It is feared that they will take the city.

WILL RAZE OLD MANSION BUILT FOR BRIGHAM YOUNG

Salt Lake City, Utah, Jan. 14.—Amelia Palace, pretentious residence built for Brigham Young for Amelia Folsom Young, reputed "favorite wife" of the pioneer Mormon leader, here, is to be razed and upon the lot it now occupies will be erected a modern structure. Announcement to this effect has been made by J. T. Keith, architect for Mrs. Edwin F. Holmes, owner of the property, who is known as Utah's "Silver Queen."

SOLONS AT SALEM GETTING ALL SET FOR SESSION

State Capitol, Salem, Jan. 14.—Spanish influenza, sole absorbing topic the past few days, was entirely forgotten, apparently, when the legislators landed on the scene, and not a mention was made of it in either house through the day.

The way in which both houses got down to business indicates that any idea of adjournment has been abandoned, unless possibly the disease became prevalent among the members. Legislators, however, came armed with sprays, gargles and miscellaneous preventative appliances.

PERKINS WINS OUT OVER DAN KELLAHER

Salem, Ore., Jan. 14.—The supreme court, by a decision of four to three, decided in favor of T. L. Perkins and against Dan Kellaher, regarding the right to sit on the Portland city commission. Perkins will fill out the term.

Justices McBride, Bean and Bennett dissented, claiming that Kellaher should hold the office until July.

JAPS WANT LEAGUE YET FEAR RESULT

Have Eye on U. S. Naval Program. China May Become Great Economic Battlefield

Tokio, Dec. 25.—(Correspondence of the Associated Press.)—The Japanese press appears generally disposed to welcome the project of a league of nations. An occasional writer assails the idea.

Thus, Rear Admiral K. Kato, writing in the New Public Opinion, declares that the formation of a league of nations would be a blow to the expansion of Japan. But, taken as a whole, the Japanese share the faith of the allied people in the political unification of the world.

Professor Abe, of Kelo university, expresses a similar view in the Kokumin. The professor states his inability to connect the talk of the Americans about peace, humanity and justice with the pushing on of their naval construction program.

Rear Admiral Kato expresses the opinion that there is a grave danger of China being transformed into an international economic battlefield. The victors in the war may not resort as openly as Germany did in pre-war days to force the exploitation of China, but, he asks, who can guarantee that England, America and France when faced with adverse conditions, will not rattle the saber? With China this circumstanced, for Japan to hope for peace would be futile. What, then, should Japan do to guard against this? To him, no other way is discoverable than that Japan should be well armed.

FORESTRY SERVICE TO USE AIRPLANES ON PATROLS

Eugene, Ore., Jan. 14.—Requisition for 10 airplanes for forest patrol purposes in the Pacific northwest has been made, according to announcement today by Clyde R. Setts, supervisor of the Cascade National forest with headquarters in Eugene.

ALLEN C. WHITE DIES OF DISEASE IN FRANCE

Mrs. George Thombelson, of this city, received a telegram last night informing her that her son, Corporal Allen C. White, had died of disease in France on November 27, 1918. Corporal White formerly lived in the Illinois valley and had many acquaintances in this city. He belonged to Company M, 305th Infantry, having entered the service on June 24, 1918. He spent several days fighting in the front line trenches, where he was shell-shocked and forced to go to the hospital for several weeks. He was 24 years of age.

BERLIN RIOTS SLACKEN BUT ARE SMOULDERING

Berlin, Jan. 14.—Order has been completely restored in the cities outside of Berlin, where the Spartacists had established themselves. Many of the Reds were arrested at Spandau, Hamburg and Dresden.

UNIONS STILL FIGHT FOR THOS. J. MOONEY

Chicago, Jan. 14.—Over a thousand delegates, representing practically all the international unions and central labor congresses, met here today to adopt definite plans for obtaining new trials for Thomas J. Mooney and Warren K. Billings, now serving life sentences. The radical element, which was well represented, cheered every mention of a strike.

SENATORS TO PERMIT DOCTOR TO USE NEEDLE

AFTER FIERY DEBATE THE OFFER OF STATE HEALTH OFFICER IS ACCEPTED

INOCULATION IS OPTIONAL

Jones Names Chairmen of Committees to Look After Irrigation, Alcoholic Traffic, etc.

Salem, Ore., Jan. 14.—The senate after a brisk debate, accepted the offer of the state health officer to come to Salem to inoculate the members, clerks and lobby against influenza. Inoculation is made optional. Several senators objected to the vaccination.

Speaker Jones named the following committees: Chairman of alcoholic traffic, Lafferty; horticulture, Brann; irrigation, Merriman; livestock, Griggs; public institutions, Brownell.

29 STATES ARE NOW IN THE DRY COLUMN

Washington, Jan. 14.—Twenty-nine states have now ratified the prohibition amendment. Indiana, Arkansas, North Carolina, Illinois and Kansas ratified the measure today, and California and Washington yesterday.

PAY FOR SOLDIERS' WIVES IS FAR BEHIND

Washington, Jan. 14.—Of 2,500,000 checks for dependents' allotments and allowances deducted from soldiers' pay for November and December, only 930,000 have been mailed. Secretary Glass said today all October payments had been made and checks for the past two months would be out before the end of January.

GOVERNOR WITHEYCOMBE'S ADDRESS TO 30TH LEGISLATIVE ASSEMBLY

Salem, Ore., Jan. 14.—State cooperation with the federal government in land settlement work, by "a rational bonding system," aid for returning soldiers in finding positions, a joint memorial to congress urging construction of a merchant marine for Oregon, and legislation to solve the state's financial situation were recommended by Governor James Withycombe today in his message to the 30th Oregon legislative assembly.

A saving of \$680,000 "by a single legislative stroke," in suspending state aid to the industrial accident commission for the coming biennium, because the commission now is in such flourishing condition that state aid is not needed, was another suggestion by the governor. Recommendations concerning the state penitentiary, establishment of a state constabulary, and legislation with reference to fish and game, were included in the message.

"It is your responsibility to lay the foundation for a partnership between state and nation in the matter of rearranging public affairs and institutions to meet a situation that has borne no parallel since the birth of this commonwealth," said the chief executive, in beginning his message. "In many of the serious questions which will be put forward during the next forty days you will have no precedents to guide you. You will, in a certain positive sense, be pioneers."

Referring to the proud war record of Oregon and the need to pro-

LEGISLATURE GOING AFTER BOLSHEVISM

TERRORISM TO BE DOWNED. DRASTIC MEASURES PRESENTED TO THE LEGISLATURE

PORTLAND CITIZENS UP IN ARMS

All Forms of Sabotage and "Red" Propaganda to Be Driven From State by New Law

State Capitol, Salem, Ore., Jan. 14.—Death to Bolshevism and the I. W. W. in all their forms in Oregon is the purpose of two measures which reached the desks in both the house and senate at the opening day of the Oregon legislature.

They came from Mr. Kubli in the house and Mr. Dimick in the senate.

Representative Kubli succeeded in getting his anti-Bolshevik and I. W. W. bill as No. 1 on the house calendar, and if it passes the two houses it will contain ample dynamite to blow these forms of terrorism and syndicalism from the state forever.

All forms of sabotage or criminal syndicalism, all propaganda which has for its object the promotion of sabotage or criminal syndicalism, or any aiding or abetting of such acts or the promotion of such acts will face heavy penalties if the bill becomes a law. In the senate Mr. Dimick came in early with a similar bill. The Kubli bill is largely patterned after the Washington measure, while the Dimick bill is patterned after the Montana act. Both are exceedingly stringent and cover all forms of terrorism or inciting to terrorism.

"Autoeracy was defeated on the battle field and now Bolshevism and the I. W. W. are attempting to overturn the democracy that trampled autoeracy under foot," declared Representative Kubli today. "This measure merely means the first alignment of decency, good government and order against the insidious

(Continued on page 4)

PORTLAND READY FOR THE "REDS"

Companies of Soldiers on Guard. Threats and Wild Talk of I. W. W. Alarm the City

Threats of the recently formed Council of Workmen, Soldiers and Sailors, an organization made up of violent socialists, I. W. W. and Bolsheviks, that they would capture the arms and ammunition at the armory, take possession of the Municipal Auditorium for a monster mass meeting and that they would ultimately "get" Mayor Baker, Sheriff Hurlburt, Chief of Police Johnson, U. S. District Attorney Haney and William Bryon, of the department of justice, made it opportune for several companies of the Multnomah guard to spend Saturday night, Sunday and Sunday night "in drill" at the armory and otherwise hold themselves in readiness for any emergency that might develop, says the Portland Telegram.

It is understood that simultaneously with the "drill" at the armory, more than the usual allotment of reserves were kept in readiness at the police station.

Four companies of the Multnomah guard went on duty at the armory at noon yesterday and two remained there until 9 o'clock last night, when they were relieved by two other companies, which kept up the vigil until 7 o'clock this morning.

Portland "Reds," who have cloaked their real identity under the doubtful title of a council of workmen, soldiers and sailors, have so far committed no open breach of the peace except by mouthy threats and other loud declamations.

DISTILLERS EFFECT AN ORGANIZATION

Chicago, Jan. 14.—The distillers committee armed to fight prohibition have effected a permanent organization.

NEW MEXICAN ARMY TO CONTAIN 100,000 MEN

Mexico City, Jan. 14.—According to plans of the war department the Mexican army, in 1920, will contain 100,000 men. Recruiting has been stopped. Only native Mexicans will be admitted into the military service. Soldiers of immature years are being discharged and other reforms calculated to increase the efficiency of the troops are being adopted.

These facts were given out for the announced purpose of disproving rumors that the government planned to increase the army to 400,000. One hundred thousand, it is said, are sufficient to maintain order in the republic.

DEFEAT THE REDS IN SOUTHERN RUSSIA

Odessa, Jan. 14.—General Denikene, the anti-Bolshevik leader in Southern Russia, inflicted a sharp defeat on the Bolsheviks on the River Kuma in Caucasus, taking a thousand prisoners.

CONFERENCE DELEGATES HAVE ALL BEEN NAMED

Paris, Jan. 14.—France, England, the United States, Italy and Japan each have five representatives to the peace congress. British dominions have two each, Brazil three, Belgium, Serbia, Greece, Poland, Czecho-Slovakia, Rumania and China two each. The countries which merely broke off relations with Germany will be allowed one delegate each.

RUSSIA MAY BE ADMITTED TO CONFERENCE

LEAGUE OF NATIONS APPEARS TO BE THE BIG QUESTION FACING ENTENTE

FOCH TO CONFER WITH HUNS

Wilson Decides to Communicate With American Newspapers via Publicity Agent

Paris, Jan. 14.—Russia may be represented at the first formal peace conference meeting. The matter will be decided tomorrow. The first question up will be the league of nations.

General Foch is now en route to Treves to meet the German armistice delegates to lay down terms for an extension of the armistice. Suggestions were made yesterday to make the terms of the armistice more drastic, but were not carried out. The proposed extension, however, for turning over the German commercial fleet to transport troops in exchange for food; for restitutions of materials taken from France and Belgium, and full compliance with the original armistice terms.

President Wilson has decided to communicate with representatives of the American newspapers through medium of publicity agent. Ray Stannard Baker, former magazine writer, was chosen as agent.

HIGH WAGES SPOILING YOUTHS IN THE CITIES

Seattle, Jan. 14.—Shipyard wages and attendant extravagant habits is held to be the cause of a considerable increase in juvenile delinquency in Seattle, as shown in the annual report of the King county juvenile court for the year 1918. According to the report, the trouble parents have reported has started when the boy received his first big pay check in the shipyards.

For the past year 122 boys were committed to the boys' parental school, the largest number ever handled by the court in one year. Thirty-two girls were sent to the girls' parental school.

On the other hand, the report shows that active industrial conditions have been responsible for a marked improvement in the care of children.

NEW MEXICO HAS BIG IRRIGATION PROJECTS

Albuquerque, N. M., Jan. 14.—Three reclamation projects, affecting approximately 800,000 acres of land in New Mexico, are being planned by the state and federal governments for rapid development during the coming year.

In each case, surveys have been made, and two of the enterprises are already in the hands of the United States reclamation service.

GOVERNOR ORDERED TO APPEAR IN COURT

San Francisco, Jan. 14.—On a writ of prohibition secured on petition of Ephraim Light, a grape grower, Governor Stephens was ordered to appear in the superior court Monday to show cause why he should not be prevented from certifying to the federal prohibition amendment.
