

SUFFRAGIST BONFIRES IN WASHINGTON

SOME RESULTS OF WARFARE

Awful Price That is Paid in Broken Lives as Well as in Dollars and Cents.

In an aerodrome, in France is an attendant. He wakes the boys, looks after their clothes. That is all he is fit for now. But he is treated with the greatest respect, for he was once an aviator himself. Sometimes he murmurs to a newcomer, as if in apology for his present occupation: "I spent 500 hours in the air." Five hundred hours, and he is now a nervous wreck! The other day a Canadian invalid aviator passed through Chicago. We rode with him for a few hours on the train. He will never fly again. He has no lesions, no broken bones. His nerves are gone. In his last flight his muscles, through sheer nervous strain, refused to function, and he dropped like a plummet for 5,000 feet—a mile—and redressed his machine just in time to save himself from annihilation. Each time that the brakes of the train began to grind his lips would set like the jaws of a steel trap. The motion of the slowing train was like that of falling. Each time it happened he would apologize in a stammering voice. Then he would apologize for stuttering. Before that awful dive from cloudland he had never stuttered, he said. We know something of the cost of dreadnaughts, torpedoes and the shells of 14-inch guns. We give little thought to rifle cartridges. But they cost five cents apiece in America and 15 cents apiece. It is estimated, by the time they are delivered to the firing trench. These rifle cartridges are used in the machine guns, and an ambitious gunner can use up \$97.50 worth of them every 60 seconds—almost the receipts from two small Liberty bonds.—Chicago Evening Post.

Stop and Reflect.
When we begin to make excuses to ourselves, we may be tolerably sure that the act which requires such treatment had something wrong about it somewhere. That which is sound needs no ointment.

Libel on Quartermasters.
An army padre tells this story: There was once a quartermaster who went to heaven. And he got a big job at once—because there were no other quartermasters there.

PUGET SOUND WORKERS WILL STRIKE TUESDAY

Seattle, Wash., Jan. 18.—Seattle shipworkers to the number of 25,500, according to estimates of labor leaders, will go on strike next Tuesday morning to enforce wage demands, as the result of a decision last night by the Metal Trades council. Similar action, it was said, was expected of the metal trades workers in Grays Harbor, Tacoma and other cities.

The strike action, it was explained, was the result of dissatisfaction with the Macy wage award, the men demanding a basic daily wage of \$8 for mechanics, \$7 for special trades and \$6 for helpers.

3,313,000 FINE OUNCES OF GOLD IN YEAR 1918

Washington, Jan. 18.—Gold production in the United States in 1918 fell to 3,313,000 fine ounces, worth \$68,492,000, the lowest in 20 years, and the silver production dropped to 67,879,000 fine ounces, worth \$67,879,000, at the standard government price of \$1 an ounce.

The smallest record since 1913, according to the joint preliminary estimate of Director of the Mint Baker and the geological survey issued today.

California led as a gold-producing state, the estimate showing 832,389 ounces, valued at \$17,207,000, while Colorado ranked second with 621,791 ounces, valued at \$12,853,000. Montana, with 15,341,000 ounces was the principal silver-producing state, while Utah gave 13,439,000 ounces, Idaho 10,188,000 and Nevada 10,115,000.

Valuable Reproof.
The reproof of a good man resembles fuller's earth; it not only removes the spots from our character, but it rubs off when it is dry.—Williamson.

GOODBY, WOMEN'S TROUBLES

The tortures and discomforts of weak, lame and aching back, swollen feet and limbs, weakness, dizziness, nausea, as a rule have their origin in kidney trouble, not "female complaints." These general symptoms of kidney and bladder disease are well known—so is the remedy.
