LIVESTOCK MEN HOLD INTERESTING MEETING

The Josephine County Live Stock association held an interesting meeting at the courthouse Saturday afternoon. Prof. E. L. Potter, of the O. A. C., was present and made a talk before the members, urging better livestock. The professor also answered many questions pertaining to beef cattle and Herefords and Short-horns were discussed by the members about 25 of whom were present.

The association passed a resolution requesting the legislature to extend the "bull law" now operative in the eastern part of the state, so as to apply in western Oregon as well. This would prohibit anything but pure bred bulls from running at large.

A Statement to the Public:

BECAUSE the name Albers Bros. Milling Co., a corporation, has been mentioned in connection with that of Henry Albers in the newspaper reports of his recent trial, the stockholders, of whom there are ninety-five, feel the necessity of this statement, to avoid unjust reflections.

The company is in no way implicated and was not on trial, the case being strictly individual. Court proceedings repeatedly brought out and emphasized this fact. Henry Albers is in no way connected with the Albers Bros. Milling Co., as a stockholder or in any manner whatever. He was at one time an officer and stockholder but even then held but 10 per cent of the stock of the corporation. These are facts of record.

This firm, as an institution, is entitled to its fairly earned place in public regard, and to be considered separate and apart from anything which has arisen in the Henry Albers matter.
