HIGH SCHOOL NOTES

On Friday the high school had as a visitor Miss Louise Ehrman, dean of women at the University of Oregon. During the assembly period in the morning, Miss Ehrman gave a most interesting talk on the necessity and value of a college education in successfully meeting the opportunities of life. A detailed explanation was given by her of the many branches offered at the university, and especially of the new branches such as the college of commerce, and the graduate school of nursing, which have just been established. All the new branches have an excellent start, and the old ones are being continually strengthened.

Miss Ehrman told of the college activities, including athletics, music, and the different organizations for students on the campus. The spirit of democracy and equality, which is felt everywhere at the university was especially commended. Fully 70 per cent of the students are working their way through colleges, and the methods of doing so are many, as well as novel. These students are never placed below the level of their companions on account of their occupations; they are honored and respected by their fellow students. Miss Ehrman stated that those wishing to earn money for the college expenses could obtain work at the college, and good wages are paid.

Later Miss Ehrman met all those interested in, or expecting to go to college in the near future, and answered many questions which she had touched on briefly in her talk. In the afternoon members of the faculty took Miss Ehrman over the surrounding county by automobile. She left for Eugene on the evening train.

On Friday evening March 14, at 8 o'clock, a party was given to the sophomores by the freshmen in the halls of the high school building. The decorations, combining the colors of both classes, were artistically arranged, and as St. Patrick's day was near at hand, the color green was emphasized.

The entire evening was spent with games and stunts, one in particular being the illustrating of a fellow student's vacation trip, with scissors and paste. Refreshments of sandwiches, pickles, macaroons and punch were served during the evening, and at a comparatively late hour the happy group disbanded, thus ending a memorable evening in the lives of the lower classmen.

The students were chaperoned by the faculty.

The boys of the high school interested in basketball, have been organized into two clubs, and both are under the supervision of Mr. Wardrip. Teams for each have been practicing, and will play each other in the near future.

The girls basketball team, composed of Vernetta and Lynetta Quinlan, forwards; Mildred Taylor and Thelma Robinson, guards; Anna Bramwell and Muriel Meyers, centers, and accompanied by their coach, Miss Lowery and other high school students, went to Rogue River Friday, where a game was played in return with the Rogue River team.

TAKILMA

A son was born to Mr. and Mrs. Leslie Bailey on February 23, at the home of Mrs. Bailey's parents, Mr. and Mrs. R. P. George, of Kerby. Chas. Williams, a former resident of this valley, was severely injured in the shipyards, one thigh and his shoulder being crushed. It is feared that he will be disabled permanently. G. B. Fife has gone to Yreka, Cal., and expects to remain for some time.

There was no school in Waldo and Takilma on Wednesday, on account of the funeral of Mr. Strong, one of the directors.

Printing that pleases—We do it! Courier Job Department.

MANY CLUBS WILL BE ORGANIZED IN COUNTY

Club work in Josephine county was started this week when Mrs. Alice Bacon, Mrs. W. W. Canby and Miss Helen Cowgill, assistant state club leader, visited the Grants Pass and 12 rural schools. In the city schools poultry, garden, sewing and cooking clubs were proposed as the most practical for city conditions. Although actual organization was not attempted, many children expressed their desire to enroll and the teachers have promised to assist them in their organization.

The work was presented in the Wilderville, River Banks, Williams, Kerby, Murphy, Selma, Deer Creek, Wonder, Provoit and New Hope schools.

The children of the River Banks school were all ready for organization as they had been discussing the work for some time, so a pig club of about 15 members, both boys and girls was organized. There is to be a sewing club also in that school. County Agent Thompson has arranged with the banks of the county to loan money to the pig club members, who need financing. It is a noteworthy fact that banks all over Oregon are delighted to loan to the children as no boy or girl has ever failed to take up his or her note when it came due.

One of the most important features of this work is the standard club plan. A standard club is a group of five or more boys or girls, or boys and girls, all taking the same project. Each club has its own officers, a leader, who is able to assist the children in their work, and a program of work. The program includes plans for six meetings, a local exhibit, and an achievement day.

Mrs. W. W. Canby has kindly consented to act as county club project leader for the Farm Bureau. She has had a great deal of school experience and is especially well known throughout the county, because of her work as Junior Red Cross leader.

AT THE MOVIES

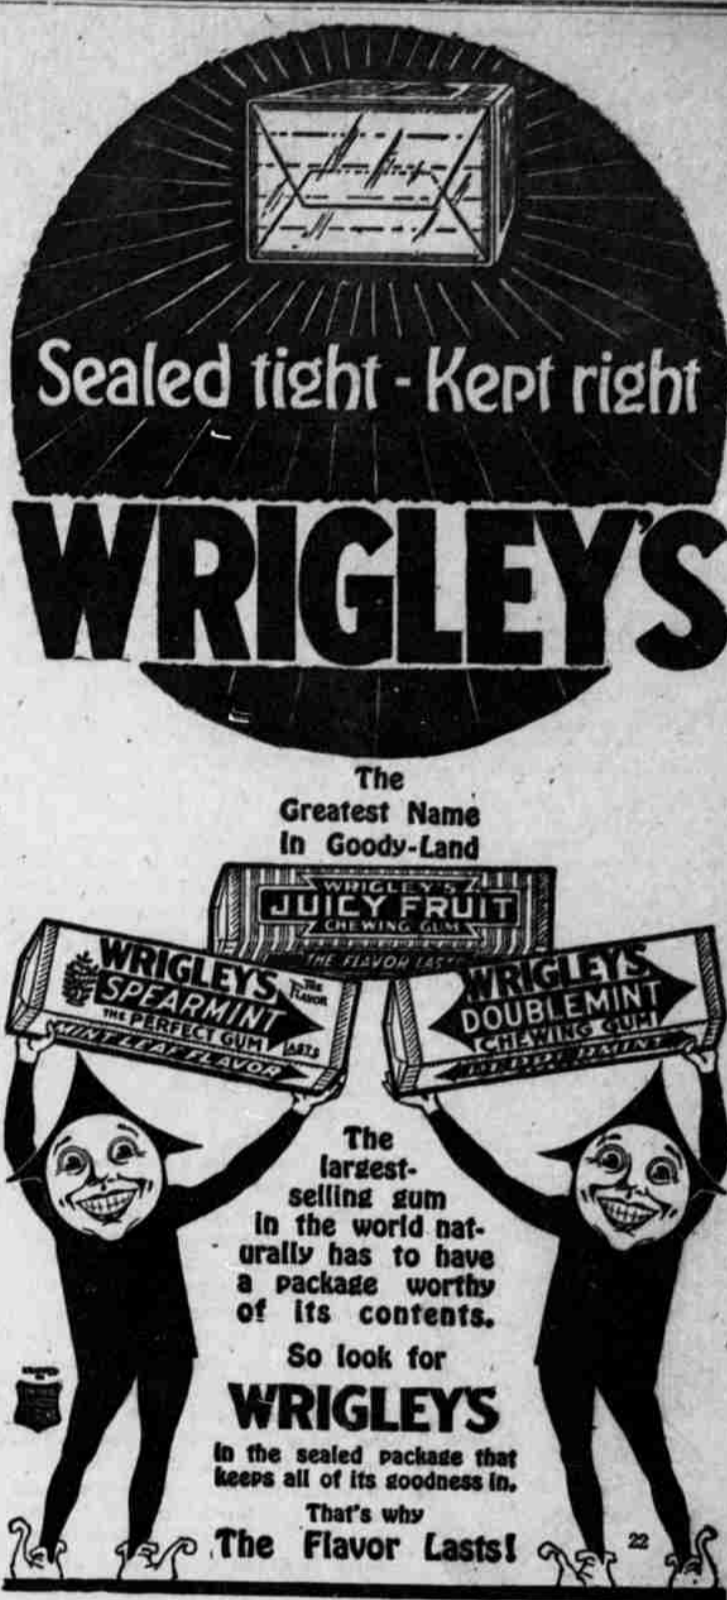

When D. W. Griffith produced "The Birth of a Nation," the world was amazed and said the limit of motion picture possibilities had been reached. When he produced "Intolerance" the critics stood in awe and confessed that the great producer had surpassed himself and when his latest triumph, "Hearts of the World" was revealed words failed to express both public and critical opinion. It is the sublime achievement of the age, realizing possibilities that are almost beyond conception and stamps D. W. Griffith as a veritable wizard of dramatic art in pictures. With the great world struggle as a background Griffith has evolved a love story that grips the heart and stirs the soul. Midst the roar of cannon and shrapnel he relates the sweetest story ever told in a manner that moves the spectator from tears to laughter and makes him glory in the fact that he is a man, and above all a son of America. The battle fields of France are revealed in all their awe inspiring realism and one can almost imagine he is moving forward with the courageous sons of France against the perfidious Hun. Surely when the annals of these days are told in future ages, D. W. Griffith and his marvelous picture drama will hold a conspicuous place in the story. His pictures of the battlefield will be filed away in the archives of the country for reference and study years hence when the story of this wonderful age is told in history to future generations. "Hearts of the World" has proven even a more marvelous financial success than both its predecessors and that is a record that was considered almost impossible. "Hearts of the World" will be seen in this city for a limited engagement in a short time and no man, woman or child with a drop of patriotic blood in their veins will fail to see it.

Five Dollars Reward—Five dollars reward will be paid for the arrest and conviction of any one stealing the Daily Couriers from residences or mail boxes.
