MUD UP TO YOUR EARS?

It is something over thirty miles from this city to Medford, yet the Medford Tribune cannot resist a chance to give Grants Pass a little rap, as has always been the case. The Tribune says that between Grants Pass and Central Point the roads are almost impassable and that the mud is "several feet deep." The road certainly is not in the best of

condition, but autos are passing over it every day and the mud is not yet quite up to a man's ears. The worst part of the road is in Jackson county.

We have many misgivings about this new car that Henry Ford says he is going to make and sell for \$250. The present Ford car, many critics maintain, is not an automobile. The new car, according to Mr. Ford's description, is not even going to be a flivver. Everybody is to have one. And how they will clutter up the roads! And what sarcasm will be poured out on them by the flivver aristocrats driving real Fords!

KERR TO ESTABLISH SIGNAL CORPS UNIT AT O. A. C.

Corvallis, Mar. 20.—President W. J. Kerr, of the Oregon Agricultural college has gone on an extended trip, to visit many educational institutions

and attend important conferences, in the interest of the college. Before leaving he approved a plan for establishing a signal corps unit at the college under terms it is thought the war department will accept.

IT RAISES THE DOUGH

Successful baking is assured when Crescent is used, because it raises first when moisture is added in the mixing bowl, and then again when heat is applied. The result of this double raise is deliciously light, wholesome, and easily digested breads, cakes and biscuits.

Crescent has been the established standard baking powder for a quarter of a century on the Pacific Coast. No better formula has been produced. The Crescent Cook Book is very helpful. Write the Crescent Mfg. Co., Seattle, for a copy. Grocers sell Crescent Baking Powder.
