COOS BAY LAND GRANT IS NOT OPEN TO HOMESTEADERS

Roseburg, Mar. 21.—Clay Tollman, land commissioner of the United States has issued a statement warning the public that the lands of the Southern Oregon land grant, commonly known as the Coos Bay Wagon Road grant, comprising 93,000 acres in Coos and Douglas counties will not be open to entry until the government receives a deed as called for in the act of February 26, 1919, and until their classification by the department. He states:

"The public is advised that there is no method or manner by which any settlement or filing can be made at the present time that will initiate or confer any preference right for the purchase or acquisition of any of these lands."

Not Fined for Smoking—

Last night's Courier stated that a boy of this city was arrested, and fined \$5 on the charge of smoking cigarettes contrary to the city law, but was paroled. The facts are, the boy was not pronounced guilty of the offense nor was he fined \$5 by the recorder. However, Recorder Allyn says the fine referred to was for an old offense. This statement is made by request of those who sided with the lad and assert that he was innocent of the charge.

GRANTS PASS SOLDIER SAYS RATIONS ARE LOW

One of the Grants Pass soldiers who is still in France writes as follows, in regard to the bill of fare now being issued to the soldiers:

"The cats are getting rather slim over here. Plenty of stuff in the quartermaster's store, but rations are cut to almost nothing. The Y. M. C. A. and quartermaster will sell the stuff to the boys, but the rations are so slim the boys have to buy stuff to eat instead of having it issued to them. They had a meeting and assessed each other from \$1 to \$3 each to buy stuff to cook, as it had got down to almost straight canned salmon and corned 'Willie.'"

BAPTISTS' SIX MILLION DOLLAR VICTORY DRIVE

Portland, Mar. 20.—One hundred thousand college boys dropped their books and joined the colors in the war against Germany. Nearly all of them went overseas. These young men are now returning home and many of them will no doubt want to finish their education. But one great obstacle confronts them. The lack of finances. A soldier making but \$30 per month was not able to save much.

The \$6,000,000 victory campaign of the Baptist church is intended to remedy this situation. American Baptists have been asked to give as part of their \$6,000,000 budget a total of \$200,000 for Christian education in America. Of this educational budget \$70,000 is to be used this year to help Baptist boys finish their education when they come home and \$95,000 is for the aid of Baptist colleges. The victory campaign of the Northern Baptist convention will be conducted nationally March 23 to 30. Harley R. Hallgren, of Portland, is director for Oregon.

DEATH OF SENATOR DIMICK

Oregon City, Mar. 21.—State Senator Walter Dimick died last night, aged 39 years, from a break-down believed due to overwork during the last legislative session.

Influence of Good Books.

When you find a child who loves good books, the noxious weeds of envy, hatred, jealousy and malice are not so likely to grow in his mind and choke out the exquisite blossoms of love, tenderness, unselfishness, gratitude and the desire to do unto others as he would be done by. The love of good books is one foundation for good character, observes a writer in the Oklahoman. It is the exception, not the rule, to encounter sordidness, greed or insensibility in the man or woman who knows and loves good books. Robert Louis Stevenson once said that so long as a man had a friend he had something to live for. Is it not true so long as one can love a good and beautiful book that life never will be without hope?

California Burglars' Original Methods.

Burglars attempted to open the safe of the Western Mechanical company, falling to dislodge the safe doors after burning off the hinges, they broke into the company's garage, took out a truck, hoisted the safe through a skylight with the company's tackle, hauled it to a canyon and rifled it of \$1,500 cash and Liberty bonds.—Los Angeles Times.

Verdure on China's Great Wall.

Trees and shrubbery planted in the soil that has been accumulating for hundreds of years on the great wall of China are in thriving condition, some of them having grown to a height of 12 to 18 feet. This method of beautifying the great wall was an outgrowth of the movement for the reforestation of the country started some time ago with government sanction under the direction of foreign experts. The driveway on the great wall is considered very much improved with the addition of trees.

NOTICE

For the information of those contemplating planting gardens this season notice is hereby given that the sprinkling rate in force last year and the year before will prevail during the coming irrigation season, that is from May 23rd to September 23rd.
