The rate of 25 words at 50 cents per week does not provide for bookkeeping, postage on statements mailed, etc. Hereafter we have permitted occasional charges at the cheap rates but, no more.

All kinds of Commercial Printing at the Courier Office.

Don't Suffer

MANY men and women are suffering because they are treating effects instead of removing causes.

Why bother with liniments and lotions for rheumatic pains, backache, stiff joints, sore muscles, biliousness, nervousness, floating specks in the vision, dizziness, puffy pouches under the eyes, or other symptoms of kidney trouble when the kidneys can be made well and strong, thus removing the cause of the symptoms?

Foley Kidney Pills

have been used for kidney trouble and bladder ailments by men and women with success for many years. They seem to get right at the root of the trouble, invigorating and strengthening, healing and soothing weak, sore, or disordered kidneys and bladder. They help the kidneys throw out of the blood the waste and poisons that cause the symptoms of kidney trouble.

O. W. Weisinger, 234 Buena Vista, San Antonio, Texas, writes: "I have suffered more or less with kidney and bladder trouble for the past ten years. The only thing I have ever been able to get relief from was Foley Kidney Pills. I earnestly recommend them to any one suffering from kidney or bladder trouble."

Real Pioneer.

One of the first white men and in all probability the first British subject to make his abode in territory comprised within the boundaries of the province of New Brunswick, Canada, was John Gyles, who was carried from the southern British colonies to the wilderness of the valley of the St. John river by marauding bands of Indians.

Thorough Mourning.

The Sitka widow, when she has to put on mourning, paints the upper part of her face a deep black.

Daily Thought.

Hasst thou attempted greatness? Then go on; back-turning slackens resolution.—Herrick.

Mothers—Should see that the whole family take at least 3 or 4 doses of a thro, purifying, system cleaning medicine this spring. Now is the time. The family will be healthier, happier, and get along better if the blood is given a thro purifying, the stomach and bowels cleaned out, and the germs of Winter accumulated in the system, driven away. Hollister's Rock Mountain Tea is one of the very best and surest Spring medicines to take. Get it and see the difference in the whole family. Their color will be better, they'll feel fine and be well and happy. Sabin's Drug Store. Adv.

THE PRAISE CONTINUES

Everywhere We Hear Good Reports of Doan's Kidney Pills.

Grants Pass is no exception. Every section of the U. S. resounds with praise of Doan's Kidney Pills. Fifty thousand persons are giving testimony in their home newspapers. The sincerity of these witnesses, the fact that they live so near, is the best proof of the merit of Doan's. Here's a Grants Pass case.

William Harvey, 621 N. Eighth St., says: "I have never found a medicine for backache and other kidney disorders so reliable as Doan's Kidney Pills. They did one of my family so much good that I used them. I had fine results and I have always taken Doan's Kidney Pills since when I have felt the need of a kidney medicine. I have received just as good results as I did the first time."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Harvey had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

PREVENTION IS ALWAYS BEST

Timely Measures Properly Applied Offer Surest Means of Control—Killing Often Advisable.

(Prepared by the United States Department of Agriculture.)

Poultry raisers who wait until disease appears in the flock and then prepare to make a defensive attack are likely to be successful only in rare cases. By far the best plan is to care for the flock in such a way that disease will not appear. The aim in controlling the diseases of poultry is, they add, to learn how to prevent them rather than how to cure.

To enlighten poultry owners as to the characteristics of the more important diseases in order that they may intelligently use the most improved methods of combating them Farmers' Bulletin 957, "Important Poultry Diseases," has recently been published by the department. The causes, symptoms, from aspergillosis (brooder pneumonia) to worms, are given in this publication.

As all poultry is susceptible to many diseases, some of which are highly infectious and resist all efforts of treatment, the bulletin suggests that when birds become sick it is often the best plan to kill them. The greater the number of birds kept upon any farm or plot of ground, and the more they are crowded together, the more important are the measures for excluding, eradicating, and preventing the development of the causes of disease.

When disease appears among poultry the fowls should be removed from the poultry yard and a good coating of freshly slaked lime should be applied to the entire surface of the ground, according to the bulletin. After a few days it should be plowed and then cultivated three or four times at intervals of a week and finally sowed with oats, rye or other grain. It is best to leave the ground uncultivated by fowls until the winter has passed. After the fowls have been returned the premises must be frequently cleaned and occasionally disinfected.

The drinking fountains and feed troughs must be washed every week with boiling water or other disinfectant, and if any lice or mites are found on the birds or in the house the roosts and adjoining parts of the walls should be painted with a mixture of kerosene, one quart, and crude carbolic acid or crude creosol, one teacupful. The

Dry, Well-Ventilated and Lighted Houses Promote Health in Poultry Flocks.

house may be whitewashed with freshly slaked lime or sprayed with kerosene emulsion. In case of an actual outbreak of a virulent disease it is well to add to each gallon of the whitewash six ounces of crude carbolic acid. Good disinfectants destroy the germs of contagious diseases, the external parasites, such as lice and mites, and in some cases the eggs of parasitic worms, and should be used frequently in and about the poultry house.

PLAN FOR MARKETING EGGS

Infertile Product Will Withstand Conditions Much Better Than Fertile—Ship Often.

(Prepared by the United States Department of Agriculture.)

Market white-shelled and brown-shelled eggs in separate packages.

When selling eggs to the country merchant or cash buyer insist that the transaction be on the quality basis.

Ship or deliver eggs at least twice or three times weekly.

Small or dirty eggs should be used at home.

When taking eggs to market they should be protected from the sun's rays.

Infertile eggs will withstand marketing conditions much better than fertile eggs.

Theoretically Still at War.

Although France and Mexico are ostensibly at peace, a state of war still exists, theoretically, between the two nations, for after Maximilian's execution in 1867, the French withdrew their armies from Mexico, but never signed any treaty.

SOLDIER LETTERS

Wallace Coutant Gets Chocolates From de Tavanne, France, February 23rd, 1919.

Dear Folks: A year ago today I heard the big guns for the first time and it has been "Some Year" for me, and "what I mean," is that I am ready to come home right now.

Have just returned from a week end with our company and mail came while I was there but none from the West. While there I saw a basketball game between A and B companies in which we won 37 to 5. In the evening they had a show in the German Opera House (our mess hall), which consisted of quite a program of various kinds. The first was a quartette from the 13th Engineers which was good, then a couple of "Y" girls, piano and soprano soloists, which was fine. This was followed by a Scotch comedian who sure was great. It was a good show throughout and quite a pastime for one who had not seen the likes for a couple or three months.

I received the box of candy from Uncle Arthur from England yesterday and it was pretty well worn out. I got some good tastes of chocolates out of it, however. There was a corner torn out of it, and part of the contents missing, but as it has been on its way since the middle of December, it is a wonder there was anything left.

The latest dope about coming home is that we sail between March 14th and 20th, but there is also some other dope that is interesting. We are to be relieved in this sector this week by some of the 20th Engineers either to go to Germany, to Bordeaux to build roads, or home and I'm hoping for the latter but guess the Bordeaux rumor. That appears the most feasible to me at present.

Am sending the Stars and Stripes this week with a couple of Highwaymen enclosed, and have sent several clippings recently which I hope you receive. Am also enclosing some prints taken last July and August.

Wish you would have Rowell print some of the films which the Frenchman sent from Paris and send them to me as I never had a chance to have them printed. They were developed in Aix by a Frenchman and are not extra good, but I would like to see the prints.

Did you ever receive the allotment of \$15 which started with my September pay? Let me know when you do.

With lots of love, WALLACE BEN W. COUTANT, Company A, 23 Engineers, American Ex. Forces, France.

What She Was.

Dorothy was boasting to her younger sister about where she had been when she was a year old, Margaret, naturally, anxious to know how this concerned her, inquired: "Where was I then?" Dorothy's reply was crushing. "When I was a year old, you were nothing—you were a piece of sky!"

Mountain Laurel.

The fact that mountain laurel blooms on three great national holidays, Memorial day, Flag day and Fourth of July, is one reason why the National Federation of Women's clubs advocates that flower for the national emblem.

Is Your Home Really Modern?

Perhaps you have a house with strictly modern plumbing and heating. Do you realize that unless it is wired for an ELECTRIC RANGE you have neglected the most valuable and up-to-date feature of all?

Our combined LIGHTING, COOKING AND HEATING RATE is not expensive. This is an itemized statement of one of our customers with five children and two adults, whose installation consists of a STANDARD ELECTRIC RANGE AND LIGHTS:

	K. W. H. Consumed	Cost
July, 1918	267	\$7.37
Aug., 1918	283	7.53
Sept., 1918	298	7.68
Oct., 1918	239	7.05
Nov., 1918	246	7.16
Dec., 1918	188	6.16
Jan., 1919	245	7.15
Feb., 1919	153	5.46
