A woman 60 years of age, a member of the class, stated she was learning to write so that she can write to her two sons who are in France, in the service.

F. participated in baseball games in France between August and December, 1918, and as a further proof of the popularity of the sport it was estimated that 2,915,681 interested spectators witnessed the games which were staged under the direction of the Y. ITALY DOES NOT WANT U.S. TO INTERFERE

ADVISE US TO FOLLOW "HANDS OFF" POLICY IN REGARD TO BALKAN STATES

ITALIANS ARREST MANY SLAVS

Stick to Their Secret Treaty and Hamper Finishing Touches to Peace Terms

Paris, Mar. 28.—The Italian reports of disorders at Spalato are not confirmed by American reports direct from that place. These latter reports show the Serbs working effectively and peacefully, while the Italian admiral is reported to be arresting a large number of Jugo-Slavs. When the Americans intervened, the Italian reply, the reports state, was that the United States was not a party to the secret treaty of London and, therefore, had no status in the controversy. Such conditions as these, it is pointed out, are seriously hampering the solution of the Adriatic question.

Has Jugo-Slavia declared war on Italy? was a question asked by a member of the Italian delegation to the peace conference on learning that the council of ministers at Belgrade had prohibited any commerce with enemy countries, any importations from Italy to Jugo-Slavia and the transportation of Italian goods to any country across Jugo-Slav territory.

The decree issued at Belgrade urged all Jugo-Slavs to abandon any business they have in countries with which commercial relations are prohibited.

The signing of the decree will be looked for favorably by the water users of these counties. It is said, for the reason that they will then know definitely of what their water rights consist.

Any water user who may be dissatisfied with the decree of the circuit court will have the right to appeal to the supreme court of Oregon.

MODERN WOODMEN TRY TO AVERT BANKRUPTCY

Chicago, Mar. 28.—A convention to save the Modern Woodmen of America from bankruptcy met here Tuesday. A. R. Talbot, head consul, described the situation as critical. In October, 1918, he said, the society had a general fund of \$10,000,000 in securities. This has dwindled to \$640,000 owing to the ravages of influenza and pneumonia, he explained. War claims also figured.

During the war the society by a special assessment raised a fund of \$6,000,000, out of which all war claims were met, and there remains in this fund \$3,000,000, the speaker stated. The war claims, he said, were as nothing compared to those due to influenza and pneumonia.

GORMANDS OF SOUTH SEAS CLEAN PLATTER

Papeete, Island of Tahiti, Feb. 18.—(By Mail)—The gastronomic capabilities of the South Sea Islander, who is famed as a trencher man, was evidenced recently at a native feast when 250 guests disposed of 50 full grown pigs, 104 chickens, 45 ducks and great quantities of plantain, bananas, grapefruit and potatoes. The feast lasted for three days.

According to the account of a foreigner who was an eyewitness, "the Islanders 'stayed with it' until it was all consumed. Most of them were so gorged that their legs could no longer support them and they were rolled aboard canoes by the handful of survivors and navigated to their several abodes."

This resident of the islands states that suckling pig is the supreme delicacy among the natives and "the only part of a pig that escapes at a native feast is the squeal."

FEAR POLITICIANS WILL CONTROL VOTES

San Juan, Porto Rico, Mar. 28.—That women in Porto Rico should share all rights granted to men under the existing laws, is the proposal of an act introduced into the house of representatives by Representative Gonzalez Mena.

The Women's League of Porto Rico, with over 2,500 members throughout the island, and which is working to obtain the vote for women, is not in favor of the bill as it is considered too sweeping in its terms. The league fears that if the vote is given to ignorant and illiterate women throughout the island it will mean only more votes to be controlled by the politicians.

NEW ARMY TO BE ORGANIZED BY HUNGARIANS

SOLDIERS TO RECEIVE \$91.35 PER MONTH AND KEPT AT EXPENSE OF STATE

WINNING THE PROLETARIAT

New Government Claims Revolution Was Won Without Sacrificing a Single Life—Food Plentiful

Basel, Mar. 28.—The new Hungarian government has begun reorganization of a revolutionary army to be recruited from the organized proletariat and the soldiers and workmen now mobilized. The chief of the Red army, reports received from Budapest says, is the adviser of the revolutionary government, but control of the conduct and organization will be in the hands of the people's commissioner for military affairs.

The soldiers will get 450 crowns (\$91.35) monthly and will be equipped, armed and fed at the expense of the state. Two or more soldiers belonging to the same family will get an extra allowance of 50 (\$10.15) a month, and those who have dependents will get extra pay of 300 crowns (\$60.90) every six months.

A Hungarian wireless message says that complete peace and order reign in Budapest and throughout the country, and that the revolution was carried out entirely without bloodshed. Neither in Budapest nor the provinces was a single person wounded, let alone being killed. The food supply of the capital and the country is declared to be adequate. Provision shops and markets are open and the population can obtain adequate supplies of food. Security for life and property has been guaranteed by government decree and the proclamation of martial law. It is added that enactments have been made giving illegitimate children equal rights with those of legitimate birth and making marriage a simple civil ceremony.

Decrees also have been issued regulating the circulation of money at banks, allowing holders of current accounts up to 2,000 kronen to retain control of their money. Directors of banks are to retain their posts and fees, but only to a maximum of 3,000 kronen monthly. The banking business is proceeding in an orderly manner.

The communication adds that the government decrees give complete guarantee of security to life and property of all foreign subjects in Hungary. It declares untrue the report that Count Michael Karolyi had been succeeded as provisional president.
