TO ORGANIZE NEW CO. FOR ORIENTAL TRADE

Seattle, Apr. 11.—J. P. Morgan and other American financiers have promised to join Japanese capitalists in the organization of a new big steamship corporation, according to Kotaro Mochizuki, member of the Japanese parliament, who is in Seattle on his way to New York. Mr. Mochizuki said probably \$200,000,000 of American and Japanese money would be invested in the new venture. Although details have not been arranged he asserted, the concern probably will be called the American-Japanese Steamship company and will buy and build boats and operate them on all the world's important ocean traffic lanes. One line will run from Seattle to the Orient.

HOME INDUSTRY FACTS
Who can say—man or woman—"Bigger payrolls in Oregon mean nothing to me?"
There is no one who does not benefit in some way from the circulation of payroll money. It buys necessities and luxuries. It adds to the joys and softens the sorrows of life—and in doing so travels through the whole community. The way to make more of it in Oregon is to USE HOME PRODUCTS.

MORE CLOTHES NEEDED TO COMPLETE QUOTA

Tuesday, Wednesday and Thursday. Make an extra effort to add at least one extra garment to your already liberal donations. Bring or send your bundles. If too large to carry phone Mrs. J. E. Peterson, 334-R forenoons and a car will call. As final shipping date has not yet been decided on and as more old clothes have been promised for the French and Belgian refugees, and as Josephine county's quota is far from being filled, the Red Cross committee will be at the collecting rooms, near the Panama restaurant, three afternoons next week.

IF NOT REGISTERED, GET BUSY BEFORE MAY 3

To facilitate matters at the special election to be held on the third of next June, those who have not registered, or have changed their places of residence, or who have failed to vote at a county or state election during the past two years, should go to the county clerk's office at once and register. That will avoid being compelled to swear your vote in. The time for registering expires on May 3. Salem, Ore., Apr. 11.—A mandamus action has been brought by Karl Herbring, of Portland, representing the brewing interests, against Attorney General Brown to compel him to write on the ballot the title for a petition to refer to the people the legislature's resolution ratifying the federal prohibition amendment, argued before the supreme court. About Bathing.
Frequent bathing is conducive to good health as well as comfort. It keeps the pores of the skin clear, so that they can perform their proper function of clearing the system, through the skin, of excretions which are not discharged through the mouth, nose, kidneys or alimentary canal. Rinse with cold water. A brisk rub after the bath promotes circulation of blood.

The Poor in Italy.
The majority of the poorer class in Italy are noted for their general good health. This is to some extent attributed to the fact that the working people of Italy eat less meat than those of any other European nation.
