## Mina Taylor Dresses

"Full of Infinite Variety"

There is a Mina Taylor Dress for every activity. There are darker, strictly "service" frocks that are just the garb for mornings when you have a lot to do about the house. Trim, comfortable, attractive, they're proof positive that workaday clothes can be goodlooking.

And there are Mina Taylors for all kinds of dainty uses, too. For afternoous on the porch with your sewing, a visit to a friend, an auto ride or a picnic, every occasion is a good reason for one of these fascinating frocks.

Mina Taylor Dresses express your own taste and personality-they're "individual" dresses. A Companion Picture to "The Whip"

It isn't very often that I break into the public print to commend a photoplay. When I do it is because there is something about it that is decidedly extraordinary. That is why I am publicly and personally endorsing "Sporting Life." It is extraordinary. It is a magnificent spectacle that you cannot afford to miss Signed, ALMA WOLKE,
