VICTORY MONEY WILL BE USED

(Continued from Page One.)

to bring them from the fighting lines in France and Belgium to their homes in the United States. This will make the total transportation bill \$400,000,000, of which \$128,000,000 represents the fare of the soldiers in France, \$124,000,000 their fare across the Atlantic, and \$148,000,000 their transportation from United States ports to their homes.

"It will take at least ten months, the army authorities say, to complete the demobilization of the troops from overseas. Their maintenance in that period, including housing, clothing and food, will amount to about \$1,000,000,000, of which \$279,428,130 will be for food.

"The demobilization, transportation and maintenance expenses of the 1,655,000 soldiers who did not get to France, will amount to about \$926,273,000, bringing the total for the whole army to the amount already stated, \$2,320,273,000, which will make quite a hole in the Victory loan receipts.

"There are about 200,000 sick and wounded soldiers still being cared for in the government hospitals. The per capita cost of caring for these patients is figured by the army medical department at \$725, which brings the total cost of those now undergoing treatment to \$145,000,000. There are 80 army hospitals in the United States. The cost of their operation ranges from a few hundred thousand to a million dollars a year each.

"The amount of war risk insurance the government has outstanding is \$37,000,000,000. The claims already filed amount to \$5,000,000. If all the soldiers, numbering approximately 72,500, who were killed in action, or died of wounds, accident and disease, were insured for the full amount of \$10,000 each permitted under the plan, their claims would aggregate \$725,000,000. Payments on these claims will be made at the rate of \$50 a month to the dependents of each soldier, which calls for the expenditure of \$43,500,000 a year for about sixteen years. However, it is not probable that many

THE MEN IN CLASS A1

A sound, healthy man is never a back number. A man can be as vigorous and able at seventy as at twenty. Condition, not years, puts you in the discard. A system weakened by overwork and careless living brings old age prematurely. The bodily functions are impaired and unpleasant symptoms appear. The weak spot is generally the kidneys. Keep them clean and in proper working condition and you will generally find yourself in Class A1. Take GOLD MEDAL Haaslem Oil Capsules periodically and your system will always be in working order. Your spirits will be enlivened, your muscles supple, your mind active, and your body capable of hard work. Don't wait until you have been rejected. Commence to be a first-class man now. Go to your druggist at once. Get a trial box of GOLD MEDAL Haaslem Oil Capsules. They are made of the pure, original, imported Haaslem Oil—the kind your great-grandfather used. Two capsules each day will keep you toned up and feeling fine. Money refunded if they do not help you. Remember to ask for the imported GOLD MEDAL Brand. In three sizes, sealed packages.

DAILY HEALTH TALKS

Better be Careful About Your Kidneys
 BY N. B. COOK, M. D.

Foods taken into the stomach go through various chemical changes, and some of these changes are poisons that must be sifted out and disposed of. It is the duty of the kidneys to do this. When the kidneys do not fully perform their vital work, death may be only a few hours away. Happily, Nature has provided warning alarms telling people when their kidneys are not well. These warnings come in the form of dragging pains in the small of the back, weak stomach, low spirits, chills, nausea, headache, scanty urine and frequent desire to pass it, short breath, numbness, cramps, coated tongue, bad breath, puffs under the eyes, thin blood, dry skin, ringing in the ears, spots before the eyes and many other symptoms. All come from the one cause of kidneys that are not filtering the poisons out of the system. To overcome these troubles, Dr. Pierce's, of Buffalo, N. Y., compounded what he calls Anuric Tablets. No other kidney medicine is its equal in giving relief and re-establishing healthful work in the kidneys. The treatment is very simple, as you need nothing except water when taking Anuric Tablets—a glass of water with each tablet. This washes and flushes the kidneys while the medicine itself is dissolving the uric acid poisons and driving them out. Anuric Tablets are made double strength, so that they dissolve uric acid the same as hot water dissolves salt or sugar. Most people need Anuric Tablets because most people have uric acid. Better get that poison out of your body for safety's sake, and better begin today.

To gently and agreeably coax the bowels back into normal activity, take Dr. Jore's Pleasant Pellets. They are just as good for constiveness as his Anuric Tablets are good for kidney disorders, and that is a very great deal.

GALE HAS POSITION WITH CURTIS PEOPLE

H. E. Gale leaves tonight for Portland to take up active duties for the Curtis publishing company, having signed a three-years contract with the company at an exceedingly attractive salary. Mr. Gale's headquarters will be at Portland and he will be known as field manager for Oregon. His work is to increase the circulation of the Curtis publications, particularly the County Gentleman, which will be done through organization and local agents.

Mr. Gale has been a resident of Josephine county for the past 19 years or more, operating and developing an extensive farm down the river at Hell Gate, where his family will remain for the present. He was one of the organizers and promoters of the Rogue River Fruit and Produce association of Medford and has been active in many of the public matters. He has ability and enthusiasm which will be made use of in his new position.

Diamond SQUEEGEE TREAD Tires

Why their treads are black and their sides are red

Color cuts no figure in making the treads of Diamonds. For a tire tread must resist the mauling of rough and stony roads—the grind of macadam and brick.

When the toughest, most gristly rubber that could possibly be made for Diamond Treads was made, it just naturally CAME BLACK! Black it will be always unless a tougher rubber is discovered.

But the sides of Diamonds are made red purposely—because Diamond Red Rubber admirably resists side wear, and those red sides make Diamonds distinctively beautiful.

Watch those red-walled Diamonds—they're rolling up 5,000 to 8,000 miles for our customers as often as any other tires, and they COST YOU LESS than most other tires.
