**BACK LIKE A BOARD? IT'S YOUR KIDNEYS**

There's no use suffering from the awful agony of lame back. Don't wait till it "passes off." It only comes back. Find the cause and stop it. Diseased conditions of kidneys are usually indicated by stiff lame backs and other aching pains, which are nature's signals for help!

Here's the remedy. When you feel the first twinges of pain or experience any of these symptoms, get busy at once. Go to your drugist and get a box of the pure, original GOLD MEDAL Haaren Oil Capsules, imported fresh every month from the laboratories in Haaren, Holland. Pleasant and easy to take, they instantly attack the poisonous germs clogging your system and bring quick relief.

For over two hundred years they have been helping the sick. Why not try them? Sold everywhere by reliable druggists in sealed packages. Three sizes. Money back if they do not help you. Ask for "GOLD MEDAL" and be sure the name "GOLD MEDAL" is on the box.

## GIRL LIKES JOB BEING TOSSED BY BIG TUSKER

Tackling a tusker seems like a man-sized job, and few men have chosen this work as a profession, yet, a tiny girl who has three years' experience in handling the monster brutes declares she can and will make a mark for herself as an expert educator of elephants.

Mamie Thorton is a California girl. For three years she has been putting a herd of elephants through their paces in the Al G. Barnes circus, where she made her debut in the white tops.

Mamie Thorton delights in being tossed about by the tuskers and will permit them to wrap their trunks around her and whisk her into place upon their head or outstretched foot. She does not in the least mind lying across the tusks of a huge pachyderm, but ask her to so much as stroke the nose of the most docile horse and you have a limp, fainting form on hand, for she will faint dead away at the thought of touching a horse. In going to and from the dressing room she will give the horses a wide berth even at the cost of precious moments. Her latest and greatest accomplishment is teaching elephants recently arrived from the jungles to trumpet. Many may not know, but it is a fact that elephants do not trumpet in this manner in their natural state and the art of teaching them this trick, though simple, is not a very desirable one and is a risky one for the inexperienced.

Miss Thorton will be seen putting a herd of elephants through intricate posing feats in the Al G. Barnes big four-ring animal circus when it comes to Grants Pass May 15, giving afternoon and night performances.

### The Troubles Women Have

BY L. MAC LEAN, M. D.

Probably no man in America was ever better qualified to successfully treat the diseases peculiar to women than Dr. Pierce, of Buffalo, N. Y. The cases that come to him run into many thousands, giving him an experience that rarely comes to any one man. Dr. Pierce found that in nearly every case there were certain vegetable growths which rarely failed to give prompt relief in those feminine disorders from which so many women suffer. He combined these roots and herbs into a temperance medicine that he called Dr. Pierce's Favorite Prescription, for that is precisely what it was. This medicine is sold in both liquid and tablet form by druggists everywhere. Favorite Prescription is a distinct remedy for women and acts directly upon the organs that characterize the sex. It is not necessary to take a long course of treatment with this standard medicine. A weakly, sickly, backache, headache, nervous, despondent woman, with regular or irregular pains—such feminine disorders that come in youth or middle age—is pretty sure to find in Dr. Pierce's Favorite Prescription the exact remedy that her condition calls for, and to find it after a very few doses are taken. Why women should allow themselves to stay sick when a very little money spent for this remedy will probably make them well, is something no one can explain.

All women who suffer from feminine disorders are invited to write the Faculty of the Invalids' Hotel, Buffalo, N. Y., for free confidential consultation and advice, no charge being made for this high professional service. This will enable every woman to benefit by the advice of the distinguished corps of physicians which Dr. Pierce has gathered about him in his celebrated Buffalo institution.

When constipation is present with feminine disorders, Dr. Pierce's Pleasant Pellets should be taken along with Favorite Prescription. Try them now!

## RED GUARDS ADEPTS IN ART OF MUTILATION

Archangel, Mar. 10.—(Correspondence of the Associated Press)—Archbishop Nathaniel of Archangel and Kholmogory has recently received a letter from a priest of the parish of Oust Outcho in which the plight of the clergy of some of the villages of northern Russia under bolshevik rule is described. The priest informed the archbishop that, under threat that he would be horse-whipped unless he paid the bolshevik 3,000 rubles he was compelled to sell all his property and ask his parishioners to raise money for his ransom.

"A terrible wave of bolshevism

has lately reached our little village," writes the priest, Ivan A. Serebrennikow. "The young soldiers and sailors who are returning from the front are infected with bolshevism and are making fun of everything sacred. The majority were formerly my parishioners but now they are so wicked that they have ceased to respect priests, old people and everything that is established, calling it the 'old regime.'

"Because of my preachings against the establishment of eighteen places for the manufacture of alcohol in this district, the bolsheviks threatened to burn the church with me. The real misfortunes of the clergy began with the declaration of the secession of the church and the state. The wicked secretary of the local soviet proposed to turn the church into a people's theatre and the priests' home into a school or a shop but the majority of the people opposed it.

"In November last when the bolsheviks gained control of this district they arrested me and the deacon, demanding a contribution of 3,000 rubles and in case of refusal I was to be horsewhipped, my possessions confiscated and I was to be deported to the Red Guard headquarters to dig trenches."

"Mr. Galavin, a clerk of an oil company, from whom the bolsheviks demanded 25,000 rubles was horsewhipped and afterward shot.

When the Red Guard captured the village of Oust Zilma, wrote the priest, "they committed all sorts of outrages, cutting off tongues and ears and finally throwing their victims in the river." In conclusion the priest asked the archbishop not to send him back to the "frightful nightmare" at Oust Outcho.
