

What Is Rediscounting?

The most important privilege obtained by our membership in the Federal Reserve System is that of rediscounting. This means that when necessary, we can take our customers' notes and drafts which we hold to the Federal Reserve Bank and obtain cash in exchange. In this way a large proportion of our assets are just as available as though actually carried in cash.

THE FIRST NATIONAL BANK OF SOUTHERN OREGON

The truth about Married life in New York Society Circles.

NITA STEWART as Mrs. Amy Forrester, society dilettante, and the only one of her set to whom pleasure is young. Loving a husband who idolizes her, she follows society's fashion and seeks the company of other men while he toils, a continent away, for a fortune to lavish on her.

Maybe you know some dear little wife whose husband spends everything but his time on her? Tell her to see "Virtuous Wives" here next week. It will help her.

CONWAY TEARLE as Andrew Forrester, Amy's husband, whose rugged honesty of the work-a-day world sweeps aside the shams of society and lays bare a quivering thing, pulsing with subtle fever which threatens to infect his wife and claim her for its irretrievable victim.

"It's just like a man," he tells his wife to enjoy herself—he hasn't time for pleasure—and then when some other obliging male dares smile with her—

Oh my! Oh! Oh! see "Virtuous Wives," here next week.

MRS. DEWOLF HOPPER as Mrs. Irma Delabarre, a lily of beauty with pollen of the most deadly poison. Her beautiful home evokes within her no sense of wifely honor—instead it is only the setting for indulgence of her craving for the pleasures which the world calls "a menace," and which society describes as "modern."

BORN

McLEAN—To Mr. and Mrs. McLean of Grants Pass, a daughter, Wednesday, May 7.

VILLA AGAIN STIRS UP NORTHERN MEXICO

Washington, May 6—The situation in northern Mexico is again reflected as serious in advices received today. The state department has been advised that 3,000 employees of an American mining company at Santa Eulalia have been removed to Chihuahua City because of threats by Villa. In the capture of Parral the entire Carranza garrison went over to the Villa forces which now threaten Chihuahua City. Americans in the state capital are reported to be endeavoring to obtain passage to El Paso as they fear the garrison may join the Villistas.

Torreon is said to be Villa's next objective. Reports from the border says the Clinchos bridge at Ortiz, south of Chihuahua City, had been destroyed by the rebels, thus closing the road for reinforcements moving northward.

It is reported that Villistas captured Jiminez three weeks ago and that later the federal troops recaptured the city. While this is doubted it is admitted that the situation regarding Jiminez is confused.

Villa has demanded an indemnity of 1,000,000 pesos from the Torreon region industries. The superintendent of the Santa Eulalia mines reported that the bandit demanded "taxes" for the protection. To avoid paying the "tax" the superintendent closed the mines and took all the men to Chihuahua.

In his new movement to the south, Villa has resumed his terrorizing tactics.

Dull, lifeless eyes, colorless lips, sallow, yellow cheeks, give a girl little chance for a "man" these days. Don't lose heart, just take Hollister's Rocky Mountain Tea—helps to make you attractive and fair. Don't delay, begin today. Sabin's Drug Store.—Adv.
