FOUND PROPHECY OF WAR IN CONVENT WALL

London, May 8.—According to reports published in Denmark at the breaking down of a wall in the monastery of the Holy Ghost at Visby, on the Swedish island of Gotland, in the Baltic, a 200-year old prophecy of the war was found. The prophecy was written on parchment by a monk in the year 1701, and is now kept in the town hall of Visby. It reads:

"Europe will some day when the seat of the pope is vacant meet with a fearful punishment. Seven nations will turn themselves against a bird with two heads. The bird will defend itself with wings and talons. A monarch who always mounts his horse from the wrong side shall be surrounded by a wall of foes. It will be a tough struggle against east and west and the lives of many men will be lost."

"War chariots shall roll forward without horses and fire dragons shall fly through the sky and spread sulphur and destroy towns."

"Mankind will not listen to the foreboding of God and He shall turn away from them. The war shall last for three years and five months. Starvation and disease will follow. Bread will be controlled and distributed among the people. Men will be lurking at the bottom of the sea for their prey. The war will start when the corn is ripening in the fields and reach its maximum pitch when the cherry trees are blooming for the third time. Peace will be obtained about Christmas."

HONKERS TWO WEEKS AHEAD OF SCHEDULE

Emerson, Manitoba, May 7.—The annual pilgrimage of wild geese from the south has hastened this year by the remarkably fine weather. The birds flew across the American boundary at this point more than two weeks ahead of the normal schedule.

Pioneer hunters believe the birds will not spend much time in Manitoba, but will continue north to their "exclusive summer resort" in the Hudson Bay region. Only a light blanket of snow marks the route from Emerson to Winnipeg and from Winnipeg to "the bay."

DAILY HEALTH TALKS

Good Health is in Your Own Hands
BY SAMUEL HAMILTON, M. D.

The man who said "People dig their graves with their teeth" uttered a truth that goes clear to the bottom of the health question. Suppose you should take everything you eat and drink for breakfast, everything you eat and drink for dinner, everything you eat and drink for supper, and mix all together in one mass. It would surely be a dreadful mixture to look upon. And yet your stomach is obliged to dispose of that unsightly mass each day! Is it any wonder so many people have indigestion, dyspepsia, backache, headache, bad blood, liver complaint, skin diseases, nervousness, coughs, colds, catarrh, bronchitis and goodness knows what else? Yes, people dig their graves with their teeth, and before the end comes they pass through one sickness or trouble after another. You should be glad to know that Dr. Pierce, of Buffalo, has placed in the drug stores a medicine called Golden Medical Discovery that can be depended upon to overcome many of the diseases named above. It may seem impossible for one medicine to do so much, but really the whole thing is as simple as the figure 1. Dr. Pierce's Golden Medical Discovery corrects the disordered conditions in a sick stomach, aids digestion, acts as a tonic and purifies the blood. When this is done, away go the diseases that are caused by a sick stomach. If you are digging your grave with your teeth, stop today. Correct your stomach disorders right now with Golden Medical Discovery, and henceforth eat for your health's sake. If you don't know what foods are best for you, write Dr. Pierce, Pres. Invalids' Hotel, Buffalo, N. Y., and receive confidential medical advice without charge.

Golden Medical Discovery is made without alcohol or opiates, so anybody and everybody can take it with safety. It is put up both in liquid and tablet form. Send Dr. Pierce 10c for a trial package, and see for yourself how good it is. Try it now.

(the first great blow has been struck against the horror which threatens the whole of civilization in Europe. By 8 o'clock on Friday night the whole legation building was in possession of about a hundred fully armed counter-revolutionists, and the minister and his two secretaries were easily captured when they returned, three hours later. "No people were ever quite so surprised in their lives to find themselves prisoners in their own legation in the heart of the city to which they were accredited. Sweat poured down their pale faces and they could hardly talk coherently, but sat sunk in miserable dejection, anticipating some terrible end in the dark hours of the night. It was not the plan of the conspirators to keep their prisoners at the legation, and they were conveyed to a secure hiding place in the cellars of a convent, which is also in possession of the anti-bolshevik."

Even Taxicabs get over 5000 miles on "Diamonds"

You know what the taxi driver hears—"only eight minutes to the train! Drive now if you never did before."

Taxicabs get punishment that your car never gets. Tires dare not fail. Further, they must give maximum mileage per dollar of cost. Else "overhead" will eat up profits.

The Quaker City Cab Co., Philadelphia, solves its tire problem with Diamonds—Diamonds average over 5000 miles in winter work with chains for them.

The Portland Taxicab Co., Portland, Ore., using Diamonds on its fleet, gets an average of over 6,000 miles. The Terminal Taxi Co., Washington, D. C., has been getting 6000 miles on its Diamonds. These specific instances are typical of many others under hard service.

We can cite you just as interesting instances right in this town, among our customers. Give us the opportunity.
