

What Is Rediscounting?

The most important privilege obtained by our membership in the Federal Reserve System is that of rediscounting. This means that when necessary, we can take our customers' notes and drafts which we hold to the Federal Reserve Bank and obtain cash in exchange. In this way a large proportion of our assets are just as available as though actually carried in cash.

The truth about Married life in New York Society Circles.

NITA STEWART as Mrs. Amy Forrester, society dilettante, and the only one of her set to whom pleasure is young. Loving a husband who idolizes her, she follows society's fashion and seeks the company of other men while he toils, a continent away, for a fortune to lavish on her.

Maybe you know some dear little wife whose husband spends everything but his time on her?

Tell her to see "Virtuous Wives" here next week. It will help her.

CONWAY TEARLE as Andrew Forrester, Amy's husband, whose rugged honesty of the work-a-day world sweeps aside the shams of society and lays bare a quivering thing, pulsing with subtle fever which threatens to infect his wife and claim her for its irremediable victim.

"It's just like a man," he tells his wife to enjoy herself—he hasn't time for pleasure—and then when some other obliging male dares smile with her—

Oh my! Oh! Oh! see "Virtuous Wives," here next week.

RS. DeWOLF HOPPER as Mrs. Irma Delabarre, a lily of beauty with pollen of the most deadly poison. Her beautiful home evokes within her no sense of wifely honor—instead it is only the setting for indulgence of her craving for the pleasures which the world calls "a menace," and which society describes as "modern."

EDWN ARDEN as Maurice Delabarre, who finds in Irma not a wife but a virtuous mistress of men. His ideas are those of a generation ago. They clash with grating echoes against the glittering, golden walls of a society rushing headlong into the execution of every suggestion for relief from the monotony of wealth.
