INTERNATIONAL TRIO
Lecture Entertainment—"The Oriental Pageant,"
Julius Caesar Nayphe

"His lecture was a novelty—almost a dream,
You went to see—You, knew not what
You were entranced, delighted, mystified, amused, beyond measure

THE HORSE AND HIS RELATION TO CIRCUS

A circus without horses would be like a kite without a tail. The noble horse is an adjunct as absolutely necessary to the show as the rudder is to a ship. It is indeed doubtful if there would have ever been a circus had there never been a horse, even as far back as the time when Rome sat proudly on her seven hills and ruled the world, the horse occupied an important place in the gala day events that took place between her Coliseum walls, and today, after the lapse of several thousand years, with steam, electricity, and gasoline, as the principal motive power of the age, the horse is still loved as of old. Every one admires a handsome horse, from the toddling infant, with his fiery rocking steed of wood to the millionaire who counts the choicest strains of equine blood in his aristocratic string.

The Al G. Barnes big four ring wild animal circus, which will be in Grants Pass May 15, carries approximately 550 horses this year, of which more than 300 are baggage, stock or work horses. The others, known as ring stock, are the high bred performing animals. No, the motor will never supplant the circus horse. Can you imagine a circus parade without a horse? A great, glittering pageant coming down the crowded highway aboard motor driven vehicles. Fancy might visualize such a saddening sight, but what circus-going crowd would understand? The two mile long street parade that the Al G. Barnes show will give here will be entirely new as far as features are concerned, but will be drawn by horses. The parade leaves the show grounds promptly at 10:30 a. m., passing through the principal down town section. Doors to the big show open at 1 and 7 p. m., allowing one hour to get acquainted with the animal actors and listen to a free band concert by the 30-piece band before the performance an hour later.

PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit. The kidneys are the most over-worked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease. One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, loss of appetite, indigestion or rheumatism. Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Get a trial box of GOLD MEDAL Haaslem Oil Capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. If for any cause they should not, your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.

MINER CAN MODEL ANY MINE
(Continued from page 1)
services have been sought to reproduce for examination in the court room, small models of two of the largest mines in the Butte district. When the case comes to trial the court will follow the argument, which involves title to various veins, by having the points mentioned in the testimony pointed out.
"My hobby never can become a business," said Mr. Linforth. "There is not enough mine construction to make it a commercial proposition because in a few weeks I can reproduce the miniature of a plant costing millions of dollars."
One class of rods bring results

DAILY HEALTH TALKS

What Doctor Pierce Has Done For Humanity!
BY DOCTOR CRIPPS.
It has always seemed to me that Dr. Pierce, of Buffalo, N. Y., should be placed near the top when a list of America's great benefactors is written. He studied and conquered human diseases to a degree that few realize. Whenever he found a remedy that overcame disease, he at once announced it in the newspapers and told where it could be bought at a small price. He did not follow the usual custom of keeping the ingredients secret, so that the rich only could afford to buy the medicine, but openly printed the name of each root and herb he used. And so to-day the names of Dr. Pierce and his medicines are widely known, and they stand for better health and better citizenship.
One of this great physician's most successful remedies is known as Doctor Pierce's Pleasant Pellets. These are little, sugar-coated pills, composed of Mayapple, leaves of aloe, root of jalap—things that Nature grows in the ground. These Pellets are safe because they move the bowels gently, leaving no bad after-effects, as so many pills do. Very often they make a person who takes them feel like a new man or woman, for they cleanse the intestines of hard, decayed and poisonous matter that accumulates when one is constipated. If you are constipated, by all means go to your druggist and get some of Dr. Pierce's Pleasant Pellets. They may prove to be the very thing your system requires to make you well and happy.
