

Available Money Reserves

The main object of the Federal Reserve Banking System, of which we are a member, is to make more available the united money reserves of the strong banks of the county.

Even in normal times there come seasonal loan demands of which the average citizen is unaware. The farmer must have money loaned him for planting and crop moving. Interest and tax payment periods each present their special banking requirements.

The Federal Reserve Bank through which a member bank may quickly convert commercial paper into available assets when most needed enables us to meet these needs.

SECOND GAME OF SERIES FRIDAY AT BALL PARK

The baseball game Friday evening between the Merchants and Professional Men promises to be a hot contest. Some have predicted that the Professional Men will enter the game half-whipped through fear because of the terrible drubbing given the Merchants last Tuesday by the Merchants, but the Professionals deny this and say they will go to the baseball park with the intention of returning with the Merchants' scalps. They are full of hope and pep and have been practicing.

Because of the high school graduating exercises tomorrow evening, the ballplayers announce that the game will start promptly at 6:30 o'clock. Remember the date—Friday evening at the baseball park, at 6:30. Free admission. Go and root for your favorites.

"PAY-AS-YOU-RAG" NEW DANCE IN OLD ENGLAND

London, May 15.—The American "Nickel Dance" is to be introduced here for the first time. In the name the London newspapers give it sticks it will be known as the "Three penny Jazz."

The old American roller skating rink in Hammersmith has been acquired as the home of the new dance temple where the "Pay-as-You-Rag" innovation as it is called is to be tried out. When completed the pavilion will be one of the largest in Europe. In its gold and rose ballroom, 3,000 persons will be able to dance simultaneously with comfort.

REPRESENTATIVE HAWLEY IN AIRPLANE ACCIDENT

Washington, May 15.—Falling 150 feet in the air, a record fall at Bolling Field without fatal results, meat nothing at all to Representative Hawley yesterday afternoon. It was not until today that he discovered that all the officers of the field were unnerved by the near-tragedy and that Colonel Harts went home early to recover from the shock.

Letter heads that will please you at the Courier.

WHY AVERAGE - MAN WORKS
Labor May Be Its Own Reward, but the Home is Thing That Inspires Him.

The 8:10 Sausalito boat was disgorging its crowd of Marin county commuters in the morning. Said one commuter to another, according to the San Francisco Bulletin: "I've timed this crowd getting off the boats. It takes more than twice as long to get them off at the ferry, when they are on their way to work, as it does to land them at Sausalito at night, when they are on their way home."

In spite of sundry wholesome precepts about labor being its own reward, the fact is that we do not live to work, but that we work to live. The little brown house back in the manzanita trees, with the porch lights burning, the rush of little feet, the welcoming arms, the good dinner, the books and the pipe—this is life. These are the things eternal to which the eager shuffling feet are hastening. They make and motivate the things temporal toward which move the lag-gard footsteps of the morning.

Joy in your work? Of course, but the fact remains that you wouldn't build those skyscrapers and string those railroads around the world and send big ships into far seas if it wasn't for the "wife and kids."

Their Inevitable Choice THE VICTROLA

In those home where good music has its most devoted hearers, you will invariably find the Victrola.

Why? Because the highly developed taste in art is satisfied with nothing less than the best which the wide world has to offer.

Logically and inevitably such a taste demands the instrument which Caruso has selected as his mouthpiece; which Farrar has selected; which John McCormack and Galli-Curci and Alma Gluck—and a host of other leaders—have selected to be their "other self," to represent them, to carry their gold message throughout the world.

That instrument is the Victrola—the inevitable choice for your home.

There are Victrolas in great variety from

\$25.00 TO \$400.00

We will gladly demonstrate the Victrola and play any music for you.

AFTERNOON CONCERT

THE ZEDELER SYMPHONIC QUINTET

Five Splendid Artists

Zedeler Symphonic Quintet is interpreting for popular audiences the greatest music of the old masters. Their programs are for all the people. They present violin, cello and piano solos, soprano solos by Helen Portune and orchestral music. The symphonic effects obtained by the Zedelers in their concerts are enhanced by a specially built reed organ which, when combined with the piano and stringed instruments, produces the reed and wind effects of a large orchestra.

EVENING PROGRAM

Concert Prelude.....Zedeler Symphonic Quintet

Lecture—"The Needs of the Hour" Judge Geo. D. Alden

Judge Geo. D. Alden, son of the Mayflower, direct descendant of John Alden and Priscilla, in a high-minded man with the deep convictions of his forefathers. Formerly a prominent member of the Bench in Massachusetts, he is now one of America's leading lecturers. His great power upon the platform is because he is so intensely human, and because he presents a human message for human needs in a human way that goes straight home to every hearer.
