

### YOUR SAVINGS

What are you doing with them? Are you letting them dribble out, a little here and a little there, for things that will be of little, if any benefit to you?

Or are you keeping them intact so they may grow into a respectable sum that will count when you see the chance for a good investment?

#### A BANK ACCOUNT

Keeps your money all in a lump, ready at any time you need it. And if you get the savings habit it is worth almost as much as the savings themselves.

This bank solicits accounts, large and small. Let us help you toward capitalism.

### DERIGIBLE C5 SWEPT TO SEA

(Continued from Page One)

it was decided to deflate the envelope.

Mechanics who were working on the engines were ordered to abandon ship, Lieutenant Little remaining, and endeavoring to pull the rip cord and deflate the envelope.

Thrashed wildly by the wind the gas bag rebounded and every stay snapped. Lieutenant Little gave another tug at the rip cord and it broke. He leaped from the ship as the big bag arose and soared off.

The loss of the blimp was a bitter disappointment to Lieutenant-Commander Emery W. Coll and his crew of five. They had brought the big ship over a 1300-mile course from Montauk Point with a performance record which they were confident would have brought the coveted order from the navy department to attempt the overseas flight.

The C-5, it is said, had performed perfectly on the trip from Montauk Point and only final authorization from Washington and routine inspection of the engines and replenishment of fuel and supplies the aviators had believed stood between them and the trans-Atlantic flight.

Although the C-5 performed perfectly, the weather "did not perform nearly so well," one of the crew said. "It was the roughest ride I've ever had," he declared, "but was due to the 'bumpy' condition of the atmosphere, not the ship."

Trepassey, May 16.—With the weather the best yet, the American navy seaplanes NC-1 and NC-3 were prepared today to start the trans-Atlantic flight at 3 p. m. Repairs are being rushed on the NC-4 and if completed in time it was intended that she hop off with her sister planes.

Home on Furlough— Sergeant Archie J. Williams, son of Mr. and Mrs. Albert Williams, has arrived here for a month's visit. He is stationed at Mt. Clemens, Mich., and is attached to the aviation corps.

They left San Francisco Tuesday morning and arrived here Wednesday afternoon, having had good roads with the exception of the Sacramento canyon.

At Opera House Tonight— The high school graduating exercises will be held tonight at the opera house at 8 o'clock sharp. Dr. Carl Doney, president of Willamette university, will deliver the principal address. Different members of the class will take part in the program after which the presentation of diplomas will be made by the chairman of the school board.

### MEDFORD MAN DOING FINE RETAIL BUSINESS

Today noon Chief of Police McLane arrested a young man from Medford, who gave his name as Nick A. Oolman. The Chief had been watching Oolman's movements for some time and finally accosted him while the young man was in his automobile on Sixth street, in front of the Hobart garage, where he had stopped for gas.

A search revealed six bottles of whiskey and one bottle of wine in Oolman's car, and he had been peddling out the joy water to various individuals. When taken before Judge Holman he pleaded guilty and was assessed a fine of \$250. He was unable to pay the fine, but is busy this afternoon trying to raise the amount.

### Their Inevitable Choice THE VICTROLA

In those home where good music has its most devoted hearers, you will invariably find the Victrola.

Why? Because the highly developed taste in art is satisfied with nothing less than the best which the wide world has to offer.

Logically and inevitably such a taste demands the instrument which Caruso has selected as his mouthpiece; which Farrar has selected; which John McCormack and Galli-Curci and Alma Gluck—and a host of other leaders—have selected to be their "other self," to represent them, to carry their gold message throughout the world.

That instrument is the Victrola—the inevitable choice for your home.

There are Victrolas in great variety from

\$25.00 TO \$400.00

We will gladly demonstrate the Victrola and play any music for you.

By Castellucci's Band

It is an organization of master musicians directed by Omere Castellucci, one of the great band leaders of the present day... A few years ago he appeared before the King of Italy, Victor Emanuel, at the Quirinale Roma by royal command. In America he has conducted for the last half dozen years some of the best bands and orchestras of the country.

An added attraction in both concerts is Bess Gearhart Morrison, noted reader and entertainer. In the afternoon Mrs. Morrison will present her "Sunset Program for Rocking Chair Row," a program primarily for the old folks but of rare delight to young people as well. Her description of an old fashioned parlor in the afternoon is one of the classics of the platform.
