IRRIGATION PROPOSAL TO BE PASSED MAY 31

Grants Pass, Oregon, May 24th, 1919.
 To the Landowners Under the Gravity Ditch Survey:

A special meeting of the members of the Gravity District Improvement company will be held in the Chamber of Commerce rooms, Grants Pass, Oregon, on Saturday, May 31st, 1919 at 1 o'clock in the afternoon, for the purpose of considering and acting upon a proposition submitted by the Irrigation and Power Company for the immediate construction of the gravity ditch.

The need for irrigation is great and immediate, and the board of directors is considering the proposition which should meet with the instant approval of every landowner who knows the necessity of irrigation. Under this proposition payment for the water does not become due until after crops are harvested, annually. Construction of the ditch will be started as soon as necessary contracts are signed and pushed to completion.

A more favorable opportunity to secure irrigation has never been offered you, and your board of directors earnestly ask that every landowner desiring irrigation, come to the meeting prepared to act immediately, whether you are now a member or not.

Very truly yours,
 BOARD OF DIRECTORS,
 By K. Hammerbacher, Secretary.

KINGSBURG ANTICIPATES FINANCIAL EMBARRASSMENT
 Washington, May 29.—N. C. Kingsbury, vice president of the Bell Telephone company, has urged the senate interstate commerce committee to enact permanent legislation validating the present increased telephone rates and placing the telephone systems under federal regulation to prevent financial embarrassment when they are returned to private ownership.

Factory Demonstration
 BY G. M. ROSS AND R. A. FREEMAN
 Both Factory Men
Seeing Is Believing
 Let us show you why a Royal has stood head and shoulders above all other Electric Cleaners in independent tests.

Why the Royal gets All the dirt that's in the carpet as well as on it—threads and lint as well as all other dirt, and how it cleans without wearing your rug or injuring the nap.
 How thoroughly the Royal and its attachments will clean your house from cellar to attic.
ROYAL
 Cleans by air—ALONE. Needs no brush nor mechanical assistance. Runs easily at a touch of your finger and actually pays for itself in the increased life given to your rugs, and don't overlook the saving of your energy and the shortening of household working hours. Let us demonstrate in your own home.

PHONE US.
 Make an appointment; we will demonstrate the cleaner to you in your own home. No obligation to buy.
 Sold on Easy Payments.

For Two Days Only
 Beginning Thursday, May 29th
 Mr. Ross and Mr. Freeman will demonstrate in Grants Pass—Phone 108-J and either of these men will call and demonstrate the ROYAL CLEANER.
Paul's Electric Store
 MEDFORD, OREGON

NINE MEASURES

(Continued from page 1)

at par, instead of at 85 to 90 cents on the dollar as has been the custom in the past. Be sure to give the farmers a boost by casting your ballot for this measure.

The five million dollar reconstruction bonding "amendment" merely makes the \$5,000,000 reconstruction bonding "bill" legal if the latter is approved by the voters. Vote yes.

The lieutenant governor amendment creates a new office with a \$400 a year salary. The lieutenant governor thus elected would become governor in case of the governor's death. While most states have such a law, arguments are put forth that such an office would not draw out candidates of gubernatorial calibre. Under the present Oregon law the secretary of state becomes governor upon the governor's demise. Such an office does not appear to be a necessity.

The Roosevelt highway measure should be supported. It provides a state appropriation of \$2,500,000 contingent upon the appropriation by the United States government of a like amount for constructing a military highway from Astoria south along the coast to the California line. Such a road would make a great undeveloped country accessible and bring millions of dollars of taxes to the state's treasury. Vote for it.

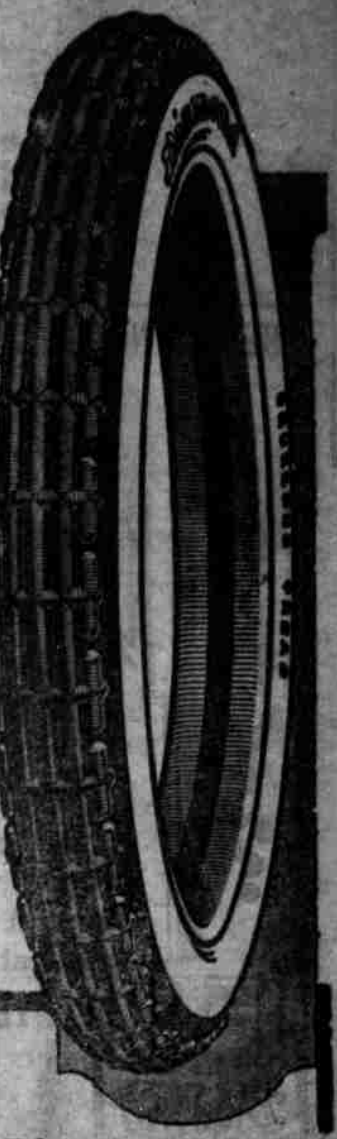

The reconstruction bonding bill provides that the state be bonded for \$5,000,000. About \$2,000,000 of this amount would be used for needed state buildings and about \$2,000,000 to promote land settlement, to develop reclamation projects and to provide for the settlement thereon of honorably discharged soldiers, sailors and marines. It is a progressive measure for the upbuilding of the state and might prove a safeguard against a possible surplus of labor emergency. It is a step forward, in that it provides for better educational facilities and will make a place for those returning soldiers who want to own a farm of their own. If Oregonians want to keep pace with Washington and California they should cast their ballot for this measure.

The soldiers', sailors' and marines' educational bill is purely a state affair to help the boys returning from overseas to finish their education. Should it become a law, any Oregon soldier may attend any institution of learning, public or private, in Oregon and have their expenses, not to exceed \$200 a year, paid by the state, and for a term not to exceed four years. The two-tenths of 1 mill tax provided by this bill amounts to about 20 cents per \$1,000 valuation and is slight recognition of the service offered by the student-soldier. Oregon will do well to educate her young soldiers.

The market roads tax bill is something that will be a direct benefit to the farmers and should receive an overwhelming vote. It provides for a one mill tax on all taxable property, such road construction to be under the supervision of the county courts. The tax is small, and good market roads are one of the most pressing needs of the day. Such counties as Josephine will greatly benefit should the measure pass. Be sure to vote for the market roads tax bill.

Daily Health Tails

URIC ACID IN THE SYSTEM
 BY LEE H. SMITH, M. D.
 Uric acid is now generally recognized as the cause of more diseases than was heretofore believed. When the kidneys are out of order uric acid accumulates within the body in super abundance. The disordered kidneys do not filter the poisons out of the blood, as they ought to do, and so the poisons remain in the blood and float around until they find a place to lodge, in form of urate salts. The thing to remember is that you may have rheumatism in any part of the body—you may have pains anywhere—your back may ache and your head may be dizzy—but the trouble is not where the pain appears. The trouble is in the kidneys, and what is the first thing to do? You must get that excess uric acid out of your system, which can be done by taking Anuric Tablets, the splendid remedy which Dr. Pierce, of Buffalo, N. Y., has put on sale in the drug stores at a low price. Anuric Tablets (made double strength), when taken into the system as medicine, have the peculiar power of dissolving the uric acid deposited there. Drop a bit of sugar or salt into hot water, and it will disappear. In precisely the same way do these Anuric Tablets dissolve uric acid. Of course, after ridding the system of uric acid, it may return again unless you eat the right foods and live the right kind of life, but Dr. Pierce will advise you fully on proper food and correct living if you write and ask him. He makes no charge for such advice. Take Anuric Tablets to-day, by all means, and get that uric acid out of your system. Don't, don't, don't, put the matter off.

Diamond SQUEEGEE TREAD Tires

Europeans marvel at American Corporations

All Europe realizes now that American business men, turned soldiers, simply applied methods of American business to war-winning. No wonder that now Foreign Nations marvel at American corporations—not only at their efficient big scale methods, but their economies.

Justly—for American business men scrutinize every penny. When they buy tires, they study values and compare prices. Corporations all over the country are concentrating on Diamonds—the people in this town who buy tires thoughtfully, calculatingly, are buying Diamonds.

For Diamonds are giving thousands of extra miles—at LESS THAN AVERAGE COST. Let us present some comparative figures to you.
