

Better Than Burglar Alarms

It is only the man who "keeps money in the house" that invites the visit of the "yegg." No burglar will risk life and liberty by entering a house where the owner is known as a "pay by check man."
This bank will take care of your money, pay your bills, and keep your cash account.
It is the only safe, convenient way. We solicit your account, no matter how small. Many of our heaviest accounts began in a very humble way.

THE FIRST NATIONAL BANK OF SOUTHERN OREGON

The All-Fuel Colonial Range

IS A PERFECT RANGE

Burns Coal or Wood—Keeps Kitchen Warm in Winter
Burns Gas—Keeps Kitchen Cool in Summer

The "All-Fuel" Colonial will put to rest all the unpleasant things in cooking. USES GAS IN SUMMER—keeps the kitchen temperature down. Without a single change burns coal or wood in winter—keeps the temperature up. These are the conditions that count most in cooking.

SAFE OVEN

The oven on the "All-Fuel" Colonial is absolutely non-explosive, the Gas being turned on or off outside of the range. Oven door must be open to light the Gas. A safe lock prevents gas being turned on accidentally, or by children playing around the range.

The "All-Fuel" Colonial is built to last a life time. The body is made of highest grade cast-iron. This construction is of vital importance.

In burning Gas there is a moisture which forms and has a very disastrous effect on steel. The "All-Fuel" is fitted with Pacific Coast firebox for coal or wood—wide or shallow. Fitted with Duplex Reversible Grates. The Gas Burners and drip pans are removable for cleaning, assuring you a sanitary range at all times.

NOTICE—We take your old stove or range in exchange on one of these "NEW ALL-FUEL RANGES" and allow you all it is worth.
