

Man Is a Bundle of Habits

Some men smoke from habit and some from habit do not smoke. They have no conscience on the subject either way. We do many things first from principle and keep on doing them until they become a habit.

U. S. DEPT. OF AGRICULTURE

CHERRIES

Cherries when canned whole should be blanched by dipping into boiling water for 15 seconds, which prevents splitting. For sour cherries, use a sirup made by boiling and straining five pounds and eight ounces of sugar to one gallon of water. For sweet cherries, use a sirup made of three pounds and nine ounces of sugar to one gallon of water. Pack in previously boiled jars. Honey or other sirups can be used instead of sugar sirup. Partially seal jars. Boil (process) quart-size jars in water bath for 25 minutes. Seal airtight, and when cold test for leaks. Store in cool, dark, dry place.—United States Department of Agriculture.

The All-Fuel Colonial Range

IS A PERFECT RANGE

Burns Coal or Wood—Keeps Kitchen Warm in Winter Burns Gas—Keeps Kitchen Cool in Summer The "All-Fuel" Colonial will put to rout all the unpleasant things in cooking. USES GAS IN SUMMER—keeps the kitchen temperature down. Without a single change burns coal or wood in winter—keeps the temperature up. These are the conditions that count most in cooking.

SAFE OVEN

The oven on the "All-Fuel" Colonial is absolutely non-explosive, the Gas being turned on or off outside of the range. Oven door must be open to light the Gas. A safe lock prevents gas being turned on accidentally, or by children playing around the range.

The "All-Fuel" Colonial is built to last a life time. The body is made of highest grade cast-iron. This construction is of vital importance.

In burning Gas there is a moisture which forms and has a very disastrous effect on steel. The "All-Fuel" is fitted with Pacific Coast firebox for coal or wood—wide or shallow. Fitted with Duplex Reversible Grates. The Gas Burners and drip pans are removable for cleaning, assuring you a sanitary range at all times.

NOTICE—We take your old stove or range in exchange on one of these "NEW ALL-FUEL RANGES" and allow you all it is worth.

LITTLE WOMEN COMING

William A. Brady announces the completion of his picturization of "Little Women," and the bringing to life on the screen of the four little women—Meg, Jo, Beth and Amy. "Little Women" was filmed in and about the actual house in Concord, New Hampshire, occupied by the Alcott family, and which has been preserved and stands today exactly as it was when "Little Women" was written, thanks to the Alcott Memorial Committee. Everyone of the characters which will appear on the screen in "Little Women" was passed upon by the surviving members of the Alcott family before a foot of film was taken. The four "Little Women" are portrayed respectively by Isabel Lamson, Dorothy Bernard, Lillian Hall and Florence Fling. Henry Hull is John Brook and Conrad Nagel, Laurie.
