

A Banker's Advice

THIS IS A SIMPLE BUT EXCELLENT CREED FOR YOUNG MEN, EVEN FOR ALL MEN:

1. Be honest, industrious, economical, faithful and truthful.
2. Save your money and deposit your surplus in this bank and LET IT GROW.

Do this and you will unquestionably meet with success in life and win the respect of your fellow men. This bank is ready to aid you in every way possible.

MYSTERY TIED WITH RED TAPE

The time has long passed when a bank was surrounded with so much mystery and red tape that customers felt ill at ease every time they went to the bank to transact business.

Today, the progressive bank is a FRIENDLY INSTITUTION—designed to give service cheerfully and as a BUSINESS DUTY rather than as a favor.

At least, that is how this bank regards it.

Perhaps that is one of the good reasons why many refer to this bank as "my bank," based on the spirit of friendliness and cooperation they encounter whenever they call.

Perhaps, too, it is another reason why people like to save where they think they are welcome, and where, in addition, they know their money is absolutely safe.

Whether you wish to open a savings or checking account, or wish to transact business in one of the other departments of this bank, you will appreciate this spirit of friendliness which we believe is good business.

THE Buick Valve-in-Head motor is, first of all, a clean-cut motor. It acts cleanly, it concentrates, it becomes more efficient—because the cylinders of this motor are true cylinders—they have no side-pockets, no by-ways through which to lose power.

The full force of the explosion acts on the piston-head, where it conserves power. After each piston stroke the cylinders clear themselves of dead gas, so that they are filled with all fresh gas for each succeeding explosion.
