The Car Was in Reverse—

Last night about 9 o'clock J. F. Lloyd backed his automobile through one of the plate glass windows at the Stanton Rowell music store. Unknown to Mr. Lloyd, the car, which was standing in front of the music store, was in reverse gear, and when he cranked it the auto shot backwards across the sidewalk and through the window. No one was injured.

CIVIL SERVICE JOBS FOR DISCHARGED YANKS

Washington, June 21.—Although there is a desire on the part of the congress, the heads of executive departments, and the civil service commission to recognize in all proper ways the claims of returning soldiers, sailors and marines to employment in the classified civil service, the civil service commission feels that in order to avoid misapprehension certain facts should be brought to the attention of the men.

The law provides for certain preferences in appointment in favor of discharged soldiers, sailors and marines. It should be understood, however, that preference claimants must qualify in open competitive examinations unless they left the classified civil service to enter the military or naval service.

These examinations are announced from time to time to meet the needs of the service. They must be advertised for a sufficient time to give them due publicity; then the papers must be rated, registers established, and claims of preference passed upon.

An act of congress of February 28, 1919, makes mandatory the reinstatement to their former positions of all former government employees who were drafted or who enlisted in the military service of the United States in the war with Germany upon their application and if they have received an honorable discharge and are qualified for the work.

When the fighting was thickest—
When the suffering was greatest—

Where was The Salvation Army Lassie?

He'll say:

"She was right on the job"

And now, back home, in the byways and hidden places—where misery always lives, where a mother needs a home, where men, women and children are on the downgrade, she's still "RIGHT ON THE JOB."
