

### A Bank With the Strength of Tempered Steel

The soundness of this bank is enhanced by the conservative policy pursued by its officers in the making of loans. It therefore becomes the safest of all places for the care of your savings, upon which it pays interest at the rate of 4 per cent per annum.

This bank invites you to become one of its rapidly growing family of patrons, and offers you every facility consistent with safe, sound and conservative banking.

Mother Hears From Missing Son—

Mrs. L. M. Spencer has just received from her daughter-in-law a set of six beautifully made handkerchiefs in Mexican drawn work. They were forwarded by her son, Fred Spencer, who left Grants Pass some years ago and had not been heard from for four years. He is now a resident of Rosario, Sinaloa, Mexico, and owns a tropical fruit ranch. He married a Spanish girl since leaving here.

Fishing License—

If you want to fish in Oregon and are not an Oregonian, the price of your angling license will depend entirely upon where you are from. The last legislature made the non-resident's anglers' license fee equal to the fee required of non-residents in the resident state of the non-resident applicant. For instance, if you are from California your license in Oregon will cost you \$3; if you are from Washington, \$10; from Idaho, \$2; from Wyoming, \$3, and so on with the other states. A rather freak law, yet it meets other states dollar for dollar.

## "BOOTS"

When "The Little Disturber" Meets The Bolsheviki!

She's a bootblack—Dorothy Gish is, this time. Dorothy Gish, "The Little Disturber" of "Hearts of the World," and the funny, lovable little heroine of "The Hope Chest" and "Batling Jane."

In "Boots" she runs afoul of the Bolsheviki—bombs and all.

And it's good night Bolsheviki when Dorothy Gish starts after them.

You can imagine, perhaps, the hullabaloo!

## WHO IS THIS MAN FRED STONE?

LAY-DEEZ an' gentulmen! Let me have you at-ten-shun for just a mo-moment, before the big show starts in the main tent, while we inter-duce to you that famous acrobatic com-edyun, Fred A. Stone.

Fred Stone is the famous original Injia Rubber man who can turn himself inside out without an effort—Just a moment, Fred, not yet—He can scratch his right ear with his left great toe and never strain a muscle... He will do all these things for you, and many others too curious to describe, in the concert after the big show, "Under the Top," all for one price of admission. I will not tell you all the wonderful, amazing, singular, curious, uncommon, surprising, astonishing, incredible things he will do, because you will not believe me if I tell you, nor will you believe you've seen 'em when he does 'em.

BUT he's done 'em. Look back a few years and remember what a rattling fine part the scarecrow was in "The Wizard of Oz?" That was this same Fred Stone. Rattle your joints, Fred, to prove it for the lady. Then there were his successes in "The Red Mill," "The Old Town," "The Lady Slipper," "Chin-Chin" and—but what's the use, lay-deez and gen-tul-men, you know him.

We will now direct your at-ten-shun to the main show which will start "Under the Top" in fifteen minutes—step right this way for your tickets—yes, plenty of time to see the animals—right this way—right this way!
