

Extravagance Not Efficiency

A great writer describes the "efficient extravagance" of the American people. But he is wrong. Extravagance can never be efficiency—except in WASTE. And WASTE makes WANT. But SAVING insures COMFORT, and comfort is the highest goal. You can take care of your own comfort while you are making money. But if you waste your money, the time will come when you CAN'T have comfort.

This bank wants to cooperate with you in saving for future comfort. Start an account NOW.

Carrying Cases for Kodaks and Cameras

A carrying case is necessary for the person who carries a kodak or camera. It not only protects the camera, but makes it easier to carry, and diminishes the danger of loss.

Leather, and imitation leather cases, suede carrying bags. From the Vest-Pocket up, we have all sizes. Also cases for all box cameras.

Bring in your kodak or camera and let us fit it with a carrying case.

Committee Extends Thanks—

The bathhouse committee desires to extend its thanks to all the willing workers who helped in any way to clear away the brush and willows above the bathhouse. It was surely good work, makes a big improvement, and is in line with other plans that will develop later. Bathhouse Committee.

"Pat" Considered Harmless—

Pat Carnegie, the man recently picked up near Riverside park by District Attorney Miller because of the stranger's queer actions, was given his freedom and some money this morning and sent on his way. Pat is an Irishman and says he is in three parts, having lost an eye and one arm. He hopes to wander about until all three parts are again joined. It is believed that he was affected by the heat and hunger. He was in a good humor this morning and seemed reluctant to leave the county jail, where he has enjoyed a good rest.

Washington, July 23.—William Mitchell, former manager of the Bank of London, Mexico City, told the house committee today that Mexicans felt contempt for the Americans due to the sending of two American military expeditions into Mexico and subsequently withdrawing.

NOTICE TO DITCH OWNERS

The Aitken Revolving Self-Cleaning Fish Screen has been adopted by the State Board of Fish and Game Commissioners as a satisfactory device for the adequate screening of irrigating ditches, canals, mill races and other artificial water courses, in accordance with the provisions of Section 64, Chapter 257, Session Laws of Oregon, 1913, which reads as follows:

"Any person owning in whole, or in part, or leasing, operating or having in charge any irrigating ditch, or canal, mill race or other artificial water course, taking or receiving its waters from any river, creek or lake in which fish have been placed or may exist, shall, upon order of the State Board of Fish and Game Commissioners, place of cause to be placed, and shall maintain, to the satisfaction of the State Board of Fish and Game Commissioners, over the inlet of such ditch, canal, mill race or water course, a reasonable grating, screen or other device, either stationary or operated mechanically, of such construction, fineness, strength and quality, as shall reasonably prevent any fish from entering such ditch, canal, mill race, or water course, to the satisfaction of such board. But before any of said officers shall adopt any permanent plan for a screen or other device to be placed in irrigating ditches, it shall be their duty to conduct a competitive examination, and at such examination all persons desiring so to do may submit to said officers for their approval or rejection, working models of their respective screens or other devices for the protection of fish. Inadequate screening devices may be ordered removed and new screens ordered installed, when, upon investigation after full hearing upon which all interested parties have had the right to be heard, it is determined that any screen, grating or other device, either by construction, operation or otherwise, is found to be inadequate, by the State Board of Fish and Game Commissioners. Any person found guilty of violating any of the provisions of this Act shall be punished by a fine of not less than twenty-five (\$25) dollars, nor more than one hundred (\$100) dollars or by imprisonment in the county jail for not to exceed 30 days or by both such fine and imprisonment."

Notice is hereby given to all those coming within the terms of the foregoing section to place immediately their order for such a screen with the Deputy Game Warden in their district, so that the same may be manufactured and installed as quickly as possible. Fifty per cent of estimated cost of screen must accompany the order, the balance to be paid on the installation of screen.

Address all communications to the Deputy Game Warden in your district.

Carl D. Shoemaker,
State Game Warden.
