

BUDAPEST IS IN THE HANDS OF RUMANIANS

DISREGARD ORDERS FROM SUPREME INTER-ALLIED COUNCIL AND TAKE THE CITY

BELA KUN REACHES VIENNA

Conflicting Reports Regarding Disposal of Soviet Leader; Proletarians Will Fight

Budapest, Aug. 2.—Rumanian troops have occupied Budapest and are advancing from the river Thaise despite representations made by Lieut. Colonel Romanelli, Italian representative of the allies at Vienna.

Copenhagen, Aug. 3.—Bela Kun, deposed Hungarian soviet leader, has arrived in Vienna, where he will be put in an internment camp, according to a dispatch from Vienna received today.

Vienna, Aug. 2.—Bela Kun, who resigned his virtual dictatorship of Hungary, is reported to have arrived here as a fireman on a freight train. The report is that he is now at the Hungarian legation with the acquiescence of the German and Austrian governments. No information concerning the report could be obtained as the legation was closed until Monday.

According to the newspapers Bela Kun, in refusing Thursday the proposal of General Boehm, his minister of war, to hand over the government to the socialists, declared Hungary would remain a Hungary of soviets and that the proletariat would defend the system of councils to the last drop of blood, even to the extent of fighting in the streets of Budapest.

Paris, Aug. 3.—The supreme inter-ally council sent a message yesterday to the Rumanian army, along the Thaise river, to cease its advance upon Budapest immediately. The council eagerly awaited further communication from the new Hungarian government at Budapest today.

The note, which the supreme council communicated to the new Hungarian government through the Italian mission in Budapest, was temperate in tone, showing that the disposition on the part of the peace conference to assist the Hungarian people in an effort to create a stable government need not in any sense be considered a threat of violence against the new government. It laid stress, however, on the necessity for Hungary to comply with the terms of the armistice and disarm completely.

75,040 AUTO LICENSES IN OREGON ON JULY 31, 1919

Salem, Ore., Aug. 4.—A report issued by the secretary of state Saturday showed that 75,044 automobiles had been licensed in Oregon this year up to July 31. The receipts in this department up to July 31 totaled \$562,251 as against \$461,422 collected during the entire 12 months of 1918.

GOVERNMENT TROOPS FIGHT SOCIALISTS

Mexico City, Aug. 4.—Eighteen persons are reported to have been killed in Muna, Yucatan, in the clash between government authorities and socialists. Seventy-six prisoners have been sent from Muna to Vera Cruz by General Luis M. Hernandez, chief of military operations in Yucatan.

WATER BOARD GIVES EXTENSION OF TIME

Ranchers Given Until 1921 to Complete Inchoat Rights on Butte Creek and Rogue River

At a meeting of the state water board held July 28 an order was entered extending the time for the completion of the inchoat rights on Rogue River and Little Butte creek. This takes in all the tributaries of Rogue river, such as the Applegate river, Williams creek, Grave Creek, Wolf Creek, Jump-off-Joe creek, Shan creek, Lumpy creek, etc. The order of the board just received by District Water Master M. J. Opydyke reads as follows:

"The matter of extending the time for the completion of inchoat rights under the Rogue river and Little Butte creek adjudications was considered at this time, applications having been received from a number of water users. It appearing that the time expired October 1, 1912, and that on account of the high cost of labor and materials and other unfavorable conditions, many water users had been unable to perfect the inchoat rights allowed them, it was therefore ordered that the time for the completion of all inchoat rights on Rogue River and Little Butte creek be and the same is hereby extended to October 1, 1921."

By this order the farmers of this county as well as Jackson county will have one more year to complete their rights and get their land in shape for irrigation and maintain the priority of 1908 for such land. Owing to the fact that it was impossible to secure labor to clear land farmers have been striving as best they could to get at least part of their inchoat right in shape, but this extension will mean a great deal to them and will enable many of them to complete their entire inchoat right.

MANY NEW TRACTS WILL BE IRRIGATED

Salem, Ore., Aug. 4.—Since the enactment of the irrigation district law by the state legislature in 1917 bonds in the sum of \$3,505,000 have been certified by the irrigation securities commission. It was stated today.

They are segregated as follows: Ochoce district, \$1,100,000; Warm Springs district, \$750,000; Payette-Oregon slope district, \$225,000; Squaw Creek district, \$98,000; Hood River district, \$167,000; Gold Hill district, \$60,000; Talent district, \$175,000; Teel district, \$930,000.

There are also pending before the irrigation securities commission applications for the certification of \$600,000 for the Warm Springs irrigation district, \$300,000 for the Silver Lake irrigation district, \$395,000 for the Suttles Lake irrigation district, \$75,000 for the Talent irrigation district, \$25,000 for the Gold Hill irrigation district, \$55,000 for the Grants Pass irrigation district and \$15,000 for the Squaw Creek irrigation district.

It is proposed to use the proceeds of all these bonds for construction work.

A number of other irrigation districts contemplate development work during the present season, including the Horsey project in Klamath county which proposes to spend in the neighborhood of \$40,000 in the installation of additional pumping units. The Langell valley district contemplates the irrigation of approximately 30,000 acres with water stored in the government's Clear Lake reservoir. The Silver Creek irrigation district in Harney county proposes to water 174,000 acres, while the Medford irrigation district includes 20,000 with the proposed expenditure of \$1,500,000 in construction.

Washington, Aug. 4.—Pacific Coast States: Temperature normal, generally fair weather, although occasional local thundershowers probable in Washington and Oregon.

BAKER FAVORS COMPULSORY WAR TRAINING

SENDS BILL TO CONGRESS ESTABLISHING PERMANENT MILITARY POLICY FOR U. S.

WOULD CATCH YOUTHS OF 19

Field Army of War Strength of 1,250,000 Men and Officers, With Active Force of 510,000

Washington, Aug. 4.—The maintenance of one field army with a war strength of 1,250,000 officers and men is proposed in a bill establishing a permanent military policy, sent to congress today by Secretary Baker. The active force of this army would be young men who had taken a three-months training course, compulsory for 19-year-old youths. There would be no change in the existing law regarding the organization of the national guard and its relation to the regular army.

Washington, Aug. 4.—Plans for a permanent peace army of 510,000 officers and men, and a system of universal military training was transmitted to congress today by Secretary Baker in a bill representing the war department's policy. All special services of the army built up during the war would be maintained and three-months military training for youths of 19 would be compulsory. Promotion of officers by seniority would be abolished.

Secretary Baker said the war showed this system of promotion defective.

Youths would be subject to military service two years after completing their course of military training and in event of war the selective service act would become operative.

JAPANESE WILL ISSUE SHANTUNG STATEMENT

Washington, Aug. 4.—A formal statement regarding its intention for the final disposition of the Shantung peninsula will be published soon.

TROOPS CALLED OUT TO QUELL LIVERPOOL RIOT

Liverpool, Aug. 4.—Troops today drove out riotous crowds from the streets, while destroyers are in the river to protect the docks. Bus tramway lines are not operating. The policemen's strike continues.

MINE LAYERS OF PACIFIC FLEET MADE GREAT RECORD IN BOTTLING GERMAN'S

San Francisco, Aug. 4.—The two mine layers of the great Pacific fleet are pioneers of one of the greatest accomplishments in naval history—the bottling up of the German fleet of submarines to the extent that the under sea boats lost much of the effectiveness.

The Baltimore and Arcostock, with others of their kind flying the American flag, planted more than 50,000 American mines in European waters. The barrage they laid down against the submarines was 230 miles long and stretches from Scotland to Norway. The British navy assisted, but the Americans laid 80 per cent of that famous line of high explosives. There were more than 6,700 members of the navy engaged in this work.

HINES WOULD INVESTIGATE HIGH PRICES

ASKS FOR CONFERENCE OF ALL RAILWAY OFFICIALS AT CAPITAL

CARMEN TOO HASTY TO STRIKE

Called Down By General Vice President; Freight and Passenger Traffic in Balance

Washington, Aug. 4.—All railroad officials now in Washington are asked by Director General Hines to meet today for a conference regarding the highest cost of living. Mr. Hines will explain the plan for having congress create a commission to go into all the phases of railroad wages, as President Wilson proposed.

Kansas City, Mo., Aug. 4.—Railway carmen now striking in a number of cities have been ordered to return to work by Frank Paquin, general vice president of the Brotherhood of Railway Carmen of America, who declares that the strike is unauthorized for the reason that a legal vote has not yet been taken.

Chicago, Aug. 4.—Every roundhouse worker in the United States may be asked to join in the general strike of the federated railway shopmen's union, leaders here said today. It is predicted that the strike will tie up freight and passenger traffic in many sections within a week.

R. H. Ashton, regional director of railways in the Northwest, said that thus far the strike has not interfered with operations.

Washington, Aug. 4.—Officials of the six big railway shopmen's unions told the president after a conference today that they could not approve his plan for a settlement of the railway wage problems. They asked an immediate granting of increases, averaging 25 per cent demanded last January and declared that many thousands of shopmen had already walked out on an unauthorized strike and that if further delayed the situation would get beyond control.

DENIES INTENTION TO FIGHT KING NICOTINE

Washington, Aug. 4.—Wayne B. Wheeler, counsel for the anti-saloon league, declared today that the wartime prohibition act was not unconstitutional, as Eilhu Root and other attorneys claimed. Mr. Wheeler also denied that the league intended to start an anti-tobacco campaign.

NORTH DAKOTA HAS A GREAT PROGRAM

Non-Partisan League in Full Swing; Will Give Industrial Program a Fair Trial

Fargo, N. D., Aug. 4.—The industrial program of the national non-partisan league, which was endorsed by the voters of North Dakota at a special referendum election on June 26, is being put into operation.

The bank of North Dakota, in which all state, county and municipal funds are to be deposited under the new laws, is in operation, but is not yet ready to make loans and handle deposits on a big scale.

The bank now employs 29 persons with an annual payroll of \$60,000. The bank's resources will be more than \$21,000,000. Public funds totaling \$21,000,000 have been reported and there are state bonds of \$10,390,000. Only about \$100,000 worth of bank bonds have been sold in the state, but bank officials explain this by saying investors held off pending the outcome of the referendum. The bank had planned to sell \$500,000 worth of bonds.

When the institution is in full operation a statement similar to those from the federal reserve banks will be issued monthly outlining conditions over the state. J. R. Waters, formerly state bank examiner, is head of the bank, and F. W. Cathro, for 30 years a North Dakota banker, is director general.

The bank will provide funds for carrying out the industrial program, and an industrial commission will control the state-owned industries to be established.

The Home Building association, which will provide funds for persons desiring to build homes, is expected to be in operation soon. The Mill and Elevator association, in charge of the league's wheat marketing and distributing system, has been inspecting mills and elevators with a view to purchasing two or three to start the experiment. The state is not expected to start an extensive building program for several months.

PRES. CARRANZA PUTS MATTER UP TO CONGRESS

Mexico City, Aug. 4.—Although the Mexican congress was called into extraordinary session on May 1, for the purpose of passing, among others, a petroleum law that would carry out the provisions of Article 27 of the new constitution, which nationalizes oil lands, up to the present time the question has not been brought up for discussion in either the senate or the chamber of deputies.

Unofficial reports are to the effect that President Carranza has washed his hands of the matter and has put it up to congress to find a solution.

ALASKA SHRIMPS FOR THE UNITED STATES

Anchorage, Alaska, Aug. 4.—Packaging of fresh shrimp is a new industry begun by two companies at Petersburg, Alaska. The shrimp come from Thomas bay and after two cookings are packed in five-pound cans, given a sanitary sealing without salt, water or other material being added. The product is shipped on ice.

TOURISTS ARE ENJOYING THE CAMP GROUNDS

MAJORITY OF DUST-COVERED TRAVELERS SPEAK HIGHLY OF LOCAL AUTO PARK

BATHING RESORT ATTRACTS

About 10 per cent of People Complain of Bad Roads and Lack of Big City Conveniences

After a visit among the various campers at the auto park, a Courier reporter found that there is general satisfaction among the tourists who are stopping at the grounds. At least 90 per cent of them are well pleased with the conveniences—free wood, free water and bathing in the river. However, about 10 per cent of the number that camp there complain about the general conditions of the grounds and say "why don't the merchants and business men of Grants Pass awake and get alive and advertise the place by furnishing garbage cans and fireplaces."

But the kickers are hopelessly in the minority and are mostly from Washington, Oregon and California. They would, of course, appreciate all modern conveniences of a big city and cable service to all points of the world, as well as hospitals and free doctors and nurses.

Owing to extensive highway construction there is much complaint of the rough roads to the north and south, but all that will be eliminated by the fall of 1920. Especially do the tourists from eastern states enjoy the camp ground and make many complimentary remarks about the splendid bathing resort. During the past two days the following parties have stopped at the camp grounds:

- Geo. R. Wickham, wife and two children, E. B. Wickham and boy, El Centro, Cal.
- D. K. Miller, wife and child, Port Arthur, Texas.
- R. A. Bird and family of five, Seattle, Wash.
- W. B. Evans, wife and family, Boston, Mass.
- L. C. Jordin and family, Bakersfield, Cal.
- E. W. Calt, Coyote, Cal.
- Lewis Walter and wife, Seattle, Wash.
- C. H. Spencer and wife, Mortines, Cal.
- Mark G. Johnson and wife, Tacoma, Wash.
- H. A. Greenland and wife, Phoenix, Arizona.
- E. W. Shewell, wife and three children, Edmonton, Alberta.
- J. C. White and wife, Mrs. Carrie D. Howland, San Francisco, Cal.
- H. R. Dunks and wife, Fresno, Cal.
- Jack Lanke and wife, F. G. Blair and wife, Walla Walla, Wash.
- J. A. Van Pelt and wife, Walter Sand, Billings, Mont.
- J. W. Bratton, six in family, Everett, Wash.
- N. E. Edwards, Ute, Iowa.
- Perry Edwards, Myrtle Creek, Oregon.
- H. L. Landow, wife and three children, Mrs. W. F. Rotermund, Portland, Ore.
- F. M. Kelly, Seattle, Wash.
- S. N. Lempton, Hastings, Neb.
- Oaton Jinkin, Floyd Jinkin, Meridian, Cal.
- C. R. Johnson, Los Angeles, Cal.
- W. C. Roester and wife, Los Angeles, Cal.
- A. A. Bratton, Santa Ana, Cal.
- Mrs. Nellie Barnes, Anaheim, Cal.
- B. C. Wright and wife, two children, Great Falls, Mont.
- Roy Morten, Adan, Ore.
- W. A. Nelson and wife and daughter, Great Falls, Montana.
- C. D. Cress, wife and two children, Parna, Ida.
- Ben Scanlan, wife and three children, Parna, Ida.
