OREGON WEATHER

Fair except showers and thunder storms; cooler extreme eastern portion. Moderate westerly winds.

SOUTHERN OREGON SPIRIT

Jackson and Josephine counties have joined hands with a spirit that is admirable for the reception and entertainment of the National Editorial Association party that is going to be shown that greatest of Oregon wonders—Crater Lake—this month.

Medford, Ashland and Grants Pass have pooled their resources in behalf of this excursion that will result in Southern Oregon receiving several hundred thousand lines of publicity all over this country.

Senator J. C. Smith and Representative C. A. Sidler have a signed article in this issue of the Courier. If the matter of endorsing the woman suffrage amendment is so pressing, the state is able to pay for a short session; or better still, the necessary amount could easily be raised by popular subscription among woman suffrage enthusiasts.

Medford has finally tumbled to the real cause for poor fishing in the Rogue of late years. They are now blaming the commercial fishermen at the mouth of the river, instead of "cussing" the Ament dam.

The fight between Postmaster Myers and Mayor Baker at Portland promises to be more interesting to Oregonians than Willard-Dempsey fight. One fine thing about Mayor Baker, he is about 116 per cent American.

You will never have to pay \$20 or \$25 for that next pair of shoes if the president and congress do their duty.

Quality and Service

If our citizens should do a little hustling "right now" they might secure a forest patrol airplane for this city because of our splendid landing field.

"Begin with the five big packers and give every profiteer the gaff hook" seems to be the order of the day.

Have you noticed the Bartlett pears being shipped from Grants Pass this season? They are fine lookers and are averaging up well, except those from orchards where the fruit was not thinned.

"Coffee may go to a dollar a pound" the public is warned. This in spite of the fact that the warehouses in Brazil are said to be bursting with the precious berries.

Ashland finally won a ball game from the Grants Pass team—last Sunday—but it required "imported" professionals from California to turn the trick.

The fruit grower is smiling, but he has nothing on the man with an irrigated alfalfa field.

Only a few days more until the fuel man will get you.

DRY WEATHER AFFECTS
VARIOUS OREGON CROPS

Portland, Aug. 7.—In many parts of Oregon peaches and apples are small at present because of lack of moisture and insufficient thinning, according to the weekly weather report and crop bulletin of the local weather bureau.

The past week was relatively cool in the western counties though there were a few high temperatures in the southern and eastern counties.

Stacking of the first crop of alfalfa has been completed in Deschutes county, the yield being good. Cutting of the second crop is completed in many localities, the crop being generally good except where there was insufficient water.

CLARK BOUND OVER
TO THE GRAND JURY

Eugene, Ore., Aug. 7.—Martin Clark was today bound over to the grand jury after a preliminary hearing on the charge of murdering Charles L. Taylor, road supervisor, who was shot to death in the mountains while on a hunting trip with Clark.

EXCELLENT MAKING
INSURES LONG WEAR

The best and longest wearing tire for the least amount of money to be spent in the long run was the slogan of the Thermoid Rubber company when it set out to build a tire for motorists of the world.

"A few Thermoid specifications will show the superiority of the Thermoid tire. In many sizes one more ply of fabric is put than in standard tires.

"The tread, which must be especially strong, is of crollide compound rubber, extra thick, and because of crollide, tough and resilient.

"As to the guarantee given with Thermoid tires, we believe it is the best offered, being 6000 miles on all sizes with the exception of the Ford sizes, on which a guarantee of 7500 miles is given.

"TRAGEDY"

She laid the still white form beside those that had gone before. No groan, no sigh burst from her. Suddenly she let forth a cry that pierced the still night air.

WASHINGTON CANNERY PAYS
\$40 PER TON FOR PEARS

Yakima, Wash., Aug. 7.—Growers whose pears are under contract to the Libby, McNeill & Libby cannery, will receive \$40 a ton, according to announcement of cannery officials yesterday.

SQUEEZED

CAPSULES

The world's standard remedy for kidney, liver, bladder and uric acid troubles. Famous since 1696. Take regularly and keep in good health.

O. A. C. CLAIMS SPUDS
HAVE NOT "RUN OUT"

Corvallis, Ore., Aug. 6.—Disease and not run out seed stock is at the root of the little potato problem in Oregon. These diseases may be carried in the seed, in the ground or by insects.

AUSTRIANS DON'T LIKE TO
FOOT THEIR WAR BILL

Paris, Aug. 7.—The Austrian counter proposals to the peace terms were handed to the allied mission at St. Germain-en-Laye at 12.15 o'clock today.

The Austrians state they also believe they have been greatly overcharged, as two-thirds of the debt of the Austro-Hungarian state is being loaded upon them.

HOW ANY GIRL CAN
HAVE PRETTY EYES

No girl or woman is pretty if her eyes are red, strained or have dark rings. Simple witchhazel, camphor, hydrastis, etc., as mixed in Lavoptik eye wash, will brighten the eyes.
