FORMER G. P. SALESMAN NOW PRACTICING LAW

J. E. Ryan, former salesman for A. Schilling & Co., traveling between Ashland and Eugene, and whose family is still residing in Grants Pass, has located in Carnegie, Okla. Mr. Ryan was severely injured while in the employ of the Schilling company and after some months went east for treatment. During that time he acquired a legal education and has now entered practice. The Carnegie, Okla., Herald prints the following:

"J. Edw. Ryan, of Rushville, Ill., attorney-at-law, who came to Carnegie prospecting for a location, has decided to cast his lots with 'The Busiest Town on the Rock Island.' Mr. Ryan has been in the north and on the Pacific coast, and he says that Carnegie is one of the best towns he has visited. His family will arrive as soon as he gets located.

"Mr. Ryan has lived at Rushville practically all his life, and his home papers speak highly of his ability and his character. He is a democrat and was prominent in local politics, serving as clerk of the circuit court, recorder and register of deeds and held other minor offices. He grew to manhood in a 'legal' atmosphere, and comes by his profession naturally. The people of Carnegie will be glad to welcome a man of Mr. Ryan's legal ability.

MEXICAN FEDERALS CLEAN OUT REBELS

Mexico City, Aug. 14.—General Francisco Murguía, in charge of federal forces in the state of Tamaulipas, Coahuila and Nuevo Leon, has reported to President Carranza that the former rebel strongholds in the southern part of Nuevo Leon have been cleared and the country pacified. He declared that the towns of Turbide, Zaragosa, Aramberri and Noreiga, which have been held for some time by the rebels, are now in his possession. The reconstruction of railroad, telegraph and telephone lines is now in progress, he reported.

FIRE ON THE MCKENZIE

Eugene, Oregon, Aug. 14.—A serious forest fire is reported in the McKenjae river region today.

WATER SPORTS ARE ATTRACTING MANY

A good deal of interest is being manifested in the swimming contests to be held at the bathhouse on Friday evening. The events for the boys and men show the most entries, and the girls and ladies are urged to uphold their end of the program. Entry lists are to be found at the bathhouse and at Cramer Bros. store. Names can be telephoned to either place if more convenient. It costs nothing to enter any of the events. Entries should be made before 5 p. m. on Friday, so that the complete list can be placed in the hands of the officials.

No contestant will suffer in his amateur standing if the prize money is invested by the judges in the article that the winner selects. Every indication points to a very successful program, and the humorous features will add considerably to the enjoyment of the spectators.

If you can swim the distance of the race, don't hesitate to send in your name. You can not learn to be a good swimmer unless you try to do a little better than your present attainments.

It is requested that all cars while driving in the park follow the right hand road, which is the one running nearest the tennis court. Also that the roadway be kept clear of cars.

FIXING FINE CAMPING PARKS FOR TOURISTS

The following press dispatch has been sent out from Ashland, in regard to their auto park:

Ashland, Ore., Aug. 13.—"Heard about it, have you? Well, it's right out that road and you can't miss it; there's a big bunch there ahead of you. Shoot along and stay as long as you want. You never wear out your welcome here. See you later stranger." That's what the auto tourist hears when he arrives in Ashland and asks where the auto park is located. And it isn't taffy; it's the straight, unvarnished truth. The town wants him to stay and enjoy himself in one of the best sylvan auto parks and tourist camping grounds in all the West.

Announcement also comes from Roseburg that the citizens there are putting their auto park in better condition, in the way of adding more and better electric lights, tables and benches, garbage cans, etc., so campers will "want to remain longer than 24 hours."

Is there anything that Grants Pass can do to make their auto park more attractive to tourists? There certainly is and it is up to the business men to see that it is done.

Hop Picking Will Soon Be On

Hop picking in the valley will begin in about two weeks and the crop is being reported generally better than usual. On the River Banks Farms the quality is better than in former years while the tonnage is as much or more than in years past although a small portion of the field was grubbed up last winter. The River Banks crop will require about three weeks to harvest.

No Dangerous Fires

Only a few small fires are reported in the forests in this district at the present time, this in spite of the fact that 1919 has been a much dryer season than usual. The condition is probably due to campers using more caution and the activity of fire wardens. A small blaze in the vicinity of Missouri Flat is burning, but it is not beyond control.

Lay Election Tonight

At Newman M. E. church tonight at the close of prayer meeting there will be an election of a delegate and alternate to the Lay Electoral Methodist conference which meets at Salem, October 1. Members of the church over 21 years of age are eligible to vote. Elkus Pollock is judge of the election, and Geo. Lundburg and James Martin tellers.

Gladys Swacker on Courier

Miss Gladys Swacker, student at Stanford, who is spending her vacation at home and who has been talking the place of Miss Barnes as librarian during the latter's absence at the university of Oregon, will be with the Daily Courier during the remainder of her vacation. She will have work in the circulation and local news departments.

Too Much Sagebrush

Mr. and Mrs. George Matney, ranchers, who have spent two or three months in Eastern Oregon have returned. They visited at Burns and other points but did not see any place that looked so good to them as this part of the state. Great stretches of sand and sagebrush, liberally besprinkled with jackrabbits, did not appeal to them; nor did they appreciate the sand storms. The cattlemen and sheepmen of Central and Eastern Oregon are making money, says Mr. Matney, but in spite of that he prefers Southern Oregon with its mild climate.

Dangerous "Hairpin" Curve

Much complaint has been made about the condition of a hairpin curve on the upper river road at the lower end of the Hood place. The road is narrow and runs around a rocky point. It is impossible to see over the point and unless machines approaching this city keep on the extreme outside edge of the road, which instead of being banked up is sloping off, there is apt to be an accident. W. W. Canby's car was badly smashed last week, and other accidents and near accidents have occurred at this point.

Accused of Stealing Harness

Howard Hilkey, of Madams creek, was taken into custody today by Sheriff George Lewis and Deputy Sheriff Lister. Hilkey is accused of stealing a set of harness from W. S. Bailey, of Missouri Flat, and was brought to this city where he is awaiting a preliminary hearing. Mr. Bailey today identified the harness as his property. Mr. Hilkey does not deny that the harness belongs to Mr. Bailey, but states that he purchased it of a party at Klamath Falls in February. However, Mr. Bailey says he did not miss the harness until June 3.

YAKIMA BEES KILLED BY POISONED SPRAY

Yakima, Wash., Aug. 14.—Thorough spraying—too thoroughly, it is claimed—on the part of Yakima orchardists has been fatal to Yakima bees that have sipped nectar flavored with arsenate of lead with the result, according to bee men, that hundreds of swarms have been entirely exterminated while many others have been greatly weakened. It is claimed that the bee industry in the valley is threatened if fruit growers continue to use the poisonous spray, and there is talk of agitation for a law forbidding its use.

The Worst Hotel.

Irvin S. Cobb says in the Saturday Evening Post, "The worst hotel for its size in this country or any other is one that overlooks the railroad yards in a smallish city on the edge of the Allegheny coal fields not very far from Pittsburgh. It has hot and running cockroaches on every floor and all night switch engine service. It is also haunted. The ghost of a red cabbage which was tragically boiled to death some 35 years ago, about the time the present carpets in the guest rooms were last cleaned, stalks through the corridors in the stiff watches of the night and sniffs at the keyholes."

Utah to Enforce Anticigarette Law. The state agencies of Utah have begun a vigorous campaign for the enforcement of the anticigarette law. One argument helping to defeat the drastic cigarette law in the recent session of the legislature was that existing laws were not enforced.
