

**RETROSPECTION**

There is little difference in the message we have for you each day, and yet we want to impress you with the fact that money is the hub around which the world moves, lives, and has its being.

Opportunity never comes to the careless man, advancement never comes to the lazy ones. Arouse yourself, put ginger into your work and the habit of Saving will come naturally to you.

**Silk Blouses**

**at \$5.00**

Values that would warrant a much higher price

—"While the lot lasts" is a point that it's well to stress for assuredly they can't be with us long. Such splendid, out-of-the-ordinary values never are.

—There are several delightfully pretty styles, made of Georgette and Crepe de Chine of superior quality, and cut on lines that insure absolute perfection of fit.

—If bought and sold in the usual way these very desirable Blouses would have to sell for a considerably higher price; but bought and sold in Wirthmor way, an economy effecting way, they can and will be sold at just \$5.00.

Just a limited quantity, and no more of the same styles will be obtainable
