

### RETROSPECTION

There is little difference in the message we have for you each day, and yet we want to impress you with the fact that money is the hub around which the world moves, lives, and has its being.

Opportunity never comes to the careless man, advancement never comes to the lazy ones. Arouse yourself, put ginger into your work and the habit of Saving will come naturally to you.

It's funny, ludicrous, dramatic, near-tragic. It's—worth coming miles to see!
