## URGE SENATE TO HASTEN PEACE

**LEADERS IN FORTY STATES, REGARDLESS OF PARTY, SIGN RINGING APPEAL.**

### TREATY WITHOUT AMENDMENT

**Say Every Day of Delay Puts World in Imminent Peril of New War**  
—Point to National Unrest.

New York. (Special)—Two hundred and fifty leading Americans, Republicans and Democrats representing forty different states and every prominent activity have joined in a non-partisan effort to bring about the ratification of the Peace Treaty "without amendment and without delay." Their names are attached to an address to the United States senate, which was made public today, through the League to Enforce Peace, after it had been sent to every member of the senate.

The signers, almost without exception, are men and women of national reputation. They include such prominent citizens as ex-President Taft, George W. Wickersham, attorney general in the last republican administration; A. Lawrence Lowell, president of Harvard; Charles C. Moore of San Francisco, president of the Panama Exposition; Judge George Gray of Wilmington, Del.; President Samuel Gompers of the American Federation of Labor; Harry A. Wheeler of Chicago, retiring president of the chamber of commerce of the United States; Mrs. Carrie Chapman Catt, president of the National American Woman Suffrage association; Cyrus H. K. Curtis, the Philadelphia publisher; President Heber J. Grant of the Mormon church, and Spargo, leader of the socialists who supported the war.

The signers declare that every day of delay in ratifying the treaty puts the world in "imminent peril of new war."

Their statement follows: In the senate at Washington, now that the committee on foreign relations has reported the treaty, the lines are sharply drawn between the immediate ratification of the treaty of peace with Germany, and its amendment with a reassembling of the conference and a reopening of negotiations that would bring great delay and prolonged uncertainty in settling the great issues of the peace. No partisan plea can be made. Party lines are already broken.

Standing at a distance from the conflict in the senate chamber, we plead for immediate ratification without delay. Our land requires it. A state of nervous strain; tension and unrest exists manifesting itself in disturbances, which in some cases have no self evident connection with the war, but which are, in fact, its aftermath. The world is put in imminent peril of new wars by the lapse of each day. Dissensions between us and our former allies are being sown. We firmly believe and solemnly declare that the states and cities in which we dwell desire immediate peace.

The waging of war steadied and united the American people. Peace will bring prosperity, and prosperity content. Delay in the senate postponing ratification in this uncertain period of neither peace nor war has resulted in indecision and doubt, bred strife and quickened the cupidities of those who sell the daily necessities of life and the fears of those whose daily wage no longer fills the daily market basket.

We beseech the senate to give the land peace and certainty by a ratification which will not keep us longer in the shadows of possible wars, but give the whole world the light of peace. Reservations in the nature of clarifications in the meaning of the treaty, not inconsistent with its terms, will not require the reopening of the negotiations with Germany and with our associates in the war, which we all and each united to win.

But there is no possibility of doubt that amendment of the treaty, as is now proposed by the senate committee on foreign relations, would require negotiation and a reopening of all the questions decided at Paris. Months of

delay would follow. The perils of the present would become the deadly dangers of the near future. All the doubt engendered would aid the plots for violent revolution in this and other lands. The issues here and elsewhere between capital and labor, the conspiracy of speculator and profiteer, would all grow and become more perilous.

This cannot be. The American people cannot, after a victorious war, permit its government to petition Germany, which has accepted the treaty, for its consent to changes in the treaty. Yet if the United States should amend the treaty for its own purpose and policy, Germany would have full right to ask for concessions. Germany has agreed to make no claim in regard to enemy property seized in this country to an amount of seven hundred million dollars. Our recent loss could ask for a reopening of this issue and of the Lusitania claims. It could raise every question open before hostilities in regard to submarine warfare and the treatment of its nationals in this country. All the provisions for our trade in Germany raised by the economic clauses of the treaty, many of them vital to our industries and our farms, as in dye patents, dye supplies and fertilizers, the working of the reparation commission, which supports the trade of all with Germany, could all be brought up by Berlin for readjustment by our negotiators, acting for the United States alone and no longer associated with other victorious powers or supported by a victorious American army on the German border.

Peace itself, the peace of the world, is delayed until ratification comes. And any amendment postpones peace. Germany and England alone of the principal powers have ratified. The other principals necessarily await our action, influential and powerful as we are today in the world's affairs. The ravages of war on more than a score of fighting fronts are continued by any needless delay. Let the senate give the world peace by ratification without amendment.

Even the amendment for which most can be said, the provision in regard to Shantung, will secure nothing which cannot be gained if China, backed by the powerful advocacy of the United States, addresses itself to the machinery for righting international wrongs and meeting just claims created by the league between nations. China, after eighty years of oppressive treaties and despoiled rights, by which all the great powers have profited directly or indirectly, has for the first time, in this covenant and treaty, the means and method to secure justice and the removal of the oppressive economic interference of stronger nations whose citizens are within her gates, protected by a long succession of international agreements. Moreover, it should be remembered that the clause regarding Shantung was made upon the statement by Japan that she will return the territory to China and, therefore, upon that condition, compliance with which promise the league can require.

The peace of the present and the righteousness of the future can be best secured by the ratification of the covenant and treaty without amendment. Let the senate take no action that will give any party to the treaty, and especially Germany, ground for maintaining that the ratification of the United States is not complete and that changes requiring a resumption of conference and negotiations have been made in it.

Among the signers in Idaho, Oregon and Washington are:

- Idaho, James H. Hawley, ex-Governor, Oregon.
- Charles H. Carey, Judge.
- Richard W. Montague, Lawyer.
- Walter Taylor Sumner, Bishop.
- William D. Wheelwright, Lumber Merchant.
- Washington, N. B. Coffman, President Washington Bankers' Association.
- Charles W. Fassett, Mayor of Spokane.
- Frederic W. Keator, Bishop.
- Josephine Corliss Preston, President National Education Association.

### Womanly Wit

A young lady whose dramatic ability was greater than her personal attractions called on a popular manager with the view of obtaining a part. The manager chatted about the value of good looks to a woman ending up with, "Beauty is to a woman what brains are to a man." "There's only one thing more valuable to a man than brains," said the young lady. "What's that?" asked the manager. "Tact!" was the reply.

### Famous French Ecclesiastic

The Swan of Cambrail was Fenelon, archbishop of Cambrai, born in 1651 and died in 1715. Of him "The Catholic Encyclopedia" says: "With him disappeared one of the most illustrious members of the French episcopate, certainly one of the most attractive men of his age—one of the most attractive, brilliant and puzzling figures that the Catholic church has ever produced."

## CROPS A FAILURE, GO HELP NEIGHBORS

Lincoln, Neb., Sept. 21.—A special train chartered by the farm bureau of Cheyenne county, Neb., brought 275 farmers to this state from the vicinity of Great Falls, Mont., to help with the Nebraska wheat harvest.

The majority of the men coming were farmers who had suffered the loss of crops through the drought of the past three years. Most of them had families in Montana and returned there at the end of the harvest season.

### MILWAUKEE MAYOR SAYS "TO HELL WITH KINGS"

Milwaukee, Wis., Sept. 23.—"I stand for the man who works. To hell with kings!"

This quotation closes a letter to A. T. Van Scoy, president of the Milwaukee Association of Commerce, from Mayor Hoan, in which the latter refuses to invite King Albert and Queen Elizabeth of Belgium to visit Milwaukee. The mayor offers, however, to forward such an invitation presented by any group of citizens.

Mayor Hoan's letter in part reads as follows: "Please do not ask me to invite any king, kaiser or czar. The people of Milwaukee in choosing a mayor do not require of him a forfeiture of self-respect."

"Did they not know that socialists refused to hobnob with Prince Henry and royalty before my election? While I mean no disrespect to the Belgian people, whom I love, nor discourtesy to you, yet these are days that try men's souls. We must take our place with kings, their golden plates and satellites, or line up with the rights of common man."

"I should go to my grave in everlasting shame were I to boost one lota the stock of any king. Mr. Van Scoy, remind your associates that I stand for the man who works. To hell with the kings."

## WOMEN RANK THRIFT NEXT TO AMERICANISM

**General Federation of Women's Clubs Rules Thrift One of Chief Activities**

San Francisco.—Americanization, Thrift, Community Service, are the three outstanding activities of the organized club women of the United States for 1919. This was decided upon by the General Federation of Women's Clubs at their mid-biennial Council.

The Thrift campaign is under the direction of Miss Georgia A. Bacon, of Worcester, Mass., nationally for the General Federation. Mrs. Edward Dexter Knight, former president of the California Federation of Women's Clubs, is California State Thrift chairman, and is also officially identified with the work in the Twelfth Federal Reserve District under Robert E. Smith, director of the War Loan Organization. She is engaged at present in working out a practical thrift "suggestionaire" for use of women's clubs throughout the Twelfth Federal Reserve District.

"The time for inspirational talks and writing on Thrift is past," said Mrs. Knight. "The big thing now is to practice it. I think the suggestionaire will help the women of the West to practice it."

"We are far behind our War Savings Stamp quota in this district. It is up to the women to see that we lend the Government the money it has asked. In the average family the women hold the purse strings and they can save the money required by putting War Savings Stamps in their family budgets every week."

### WSS PING WONG WINS PERSHING MEDAL

Little Miss Ping Wong of Columbus, Ohio, does not wear the trousers of the native Chinese girl's costume, but none of her trousered school boy competitors in the sale of War Savings Stamps was able to surpass her in business acumen and perseverance.

Miss Ping, who is 13 years old and daughter of a wealthy Chinese merchant, has just been awarded a "General Pershing" medal for having sold more than \$2500 in War Savings Stamps this year. Miss Ping explained that she had sold War Savings Stamps because her father had told her she must do her very best for America because this country had given him a home, comfort and prosperity.

## REED STARTS SENATE FIGHT

(Continued from Page One.)

Senator Reed, who declared he had counseled with kings to transfer to them the sovereignty Washington had won with the sword.

It was 6 o'clock when Senator Reed concluded his address and the original plan to proceed with formal reading of the treaty was abandoned.

There was some uncertainty as to how far the reading might proceed, as it was intimated that Senator Johnson of California, who will return to his seat then, after his speaking tour, might ask that the senate turn back in the covenant to article 3 and take up his amendment which would equalize the British and American voting power in the league. In that event the senate would face about a week's discussion.

## \$100 REWARD

Sometime between the 10th and 17th of September, 1919, a pressed steel boat about 16 feet long was stolen from D. G. C. MacNeill whose lodge is situated on the river about one mile above the Ament dam. The boat was manufactured by the Mullins Company of Ohio, as shown by the plate on the gunwale. This is the only boat on the river of the kind and should be easy of identification.

Mr. MacNeill will pay the above reward for information leading to the arrest and conviction of the thieves. Address all information to the undersigned.
