And a prop strong enough,
I can single-handed move the world."
—Archimedes.

BURTON HOLMES TRAVELOGUE
This is the story of the men who couldn't go—of the misunderstanding, disrespect and isolation that came to some real heroes who did the work at home. In it is a tale of love, poignant, throbbing, compelling, heart warming. It is surrounded with all the luxury and wealth of investiture that characterize every Cecil B. DeMille production and is acted by a splendid cast which includes Elliott Dexter, Gloria Swanson, Wanda Hawley and Hom Forman.
