SAYS GARY IS SOWING SEEDS OF ANARCHY

TYGHE RAPS CORPORATION PRESIDENT FOR PREACHING DESTRUCTION

EMPLOYERS CLAIM SOME GAIN

2,500 Men Quit at Vancouver; Enthusiasm Representing 2,000,000 Will Show Big Conference

Washington, Oct. 3.—Michael F. Tyghe, president of the Union Iron, Steel and Tin Workers, told the senate committee today that Elbert Gary is "sowing the seeds of anarchy in refusing to arbitrate the strike," and is "promoting the insidious doctrine that there is no way out of the industrial difficulty except by the destruction of one side or the other."

Chicago, Ill., Oct. 3.—Officials of the steel mills declared today that increasing numbers of workmen are returning to work, and predicted that the production today would be 50 per cent normal. In contradiction to this, labor leaders declare that no appreciable inroads are being made into the ranks of the strikers.

Gary, Ind., Oct. 3.—Alarmed at the defection of 1,500 men from their ranks yesterday, strike leaders here exerted every influence today to keep their lines intact. Meetings were held and picket lines strengthened.

Washington, Oct. 3.—Railroad unions representing over 2,000,000 workers will not participate in the industrial conference called by President Wilson for next Monday, unless the basis of labor's representation is changed to include executives of all international and national unions.

Timothy Shea, of the Brotherhood of Firemen, said today that Director General Hines had been asked to make the change, but he has not replied.

It is believed that all the railroad unions will refuse to participate.

Vancouver, Wash., Oct. 3.—The G. M. Standifer corporation steel yard is closed, due to the walkout of 2500 men at midnight, when the company tried to get them to continue work with the understanding that the wage increase will be given only if the Emergency Fleet Corporation finally decides to grant it.

San Francisco, Oct. 3.—Seventy-three shops outside the shipyards have signed the new wage agreement, suspension of which caused the strike of 50,000 ship and metal workers in the Bay region. Five thousand men have returned to their work.

ITALY MAY RATIFY BY ROYAL DECREE

Paris, Oct. 3.—Rome advisers convince members of the supreme council that Italy will ratify the German treaty by royal decree. It is believed that such ratification will be valid.

Flume, Oct. 3.—Discipline among Italian regular soldiers is very low along the armistice line and their officers have little control over them in enforcing the blockade of Flume. As a result Captain Gabriele d'Annunzio's army is being constantly reformed by deserters, whole companies and battalions marching into Flume to join his forces.

SERBIA LOSES 5TH OF PEOPLE IN WAR

50,000 Perish While in Prison; Little Country Throws Open Her Doors to the Russians

Belgrade, Oct. 3.—One-fifth of the population of Serbia, or about 800,000 persons, perished from all causes during the war. Typhus alone claimed about 300,000 of these. No figures have yet been furnished by the Serbian war department as to the number of deaths in the army. It is known that the total number of men mobilized was 700,000. Of this number 300,000 were combatant troops and 400,000 were used in various auxiliary services. About 100,000 Siberians were interned in Bulgaria during the war, and of these about one-half are believed to have perished, according to the reports of the inter-armed commission.

Belgrade, Oct. 3.—There has been a constantly increasing exodus of refugees from Southern Russia during the past four months. Driven from their homes by the disorder and unrest there, these unhappy people have wandered into Rumania and Serbia, where the problem of handling their own people is already enormous. About 15 per cent of the appeals received by the American Red Cross at Belgrade during the past month have been on behalf of Russians.

The Serbians have been very kind to these visitors. The newspapers and bill-boards are filled with appeals for "Brother Russians" and for the "Children of Serbia's Ally." Yet the Serbians have little to give, and the problem of caring for a great influx of outsiders is a serious one.

WILL COMPLETE ALASKAN GOVERNMENT RAILROAD

Washington, Oct. 3.—Without a record vote the senate today passed the house bill appropriating \$17,000,000 additional for the completion of the Alaskan railroad. The measure now goes to the president.

ALSATIANS WILL DON FRENCH BLUE

Paris, Oct. 3.—Twenty thousand young men of Alsace-Lorraine, most of whom once fought in the German army, will from next month don the French horizon blue.

It is announced from Strassburg that Alsatians and Lorrainers born in 1898 and 1899 are to be called by the colors—the tri-colors—in October.

ARCHANGEL GIRLS PREFER SUICIDE TO BOLSHEVIKS

Paris, Oct. 3.—Chemist shops at Archangel are openly selling poison to many young women who are buying it with the expressed intention of killing themselves rather than fall into the hands of the bolsheviks, according to an American officer who has just arrived from northern Russia.

AMERICAN R. C. BUYS CHATEAU OF LATE CZAR

Warsaw, Oct. 3.—The American Red Cross has purchased the chateau of the late Emperor Nicholas of Russia in the forest of Bialystok. In the days when Nicholas ruled over all the Russias he often journeyed to Bialystok forest with a numerous suite, where hunting parties would be organized.

The hundred and twenty rooms formerly occupied by the late emperor's guests, now shelter Polish babies for whom the Red Cross is caring.

PRESIDENT IS SICK MAN SAYS ADMIRAL GRAYSON

Only Immediate Family Permitted to See Him and No Business Brought to His Attention—Was Cheered Considerably by Defeat of Fall Amendments

Washington, Oct. 3.—There has been no improvement in President Wilson's condition since Admiral Grayson issued his bulletin last night saying "the president is a very sick man and his condition is less favorable." Grayson conferred again today with Rear Admiral Stitt of the naval medical school, and Dr. Sterling Ruffin, Mrs. Wilson's family physician.

The president slept some. A trained nurse is assisting Mrs. Wilson. The president has no temperature and his heart action is good, it is reported.

Mrs. McAdoo and Mrs. Francis Sayre, the president's daughters, are on their way to Washington. They were not summoned, but wanted to come.

The president was informed late yesterday of the defeat in the senate of all the Fall amendments to the peace treaty, and the ratification of the treaty by the French chamber of deputies. The news apparently cheered him considerably, but no official business will be brought to his attention, no matter how pressing, and only members of the immediate

family may see him. Dr. Dereum, who examined the president yesterday, said: "His condition is grave, but he is cheerful."

New York, Oct. 3.—The Belgian king and queen, and Prince Leopold, heir apparent, today cast aside their royal incognito to make "formal" entry into New York. The king had wanted to go to Washington incognito to express his sympathy to President Wilson on his illness, but Admiral Grayson advised that it would not be possible to allow the president to receive any visitors.

Washington, Oct. 3.—There will be no postponement of the international labor conference October 29th here, called by the president under the treaty, regardless of whether additional nations ratify the treaty in the meantime, it was announced today.

Washington, Oct. 3.—Immediately after telephoning the White House Joseph R. Wilson, the president's brother, left for Washington.

174 MILES GRADING TO BE LET OCTOBER 7

Salem, Ore., Oct. 3.—Bids on 174.5 miles of grading, 35.6 miles of macadam and a number of bridges will be opened by the state highway commission at a meeting in Portland on October 7. The following are among the contracts to be let:

One crossing over the Southern Pacific railway near Tolo, requiring approximately 19 cubic yards class "A" concrete, 39,000 pounds reinforcing steel, 24,000 pounds structural steel and 190 lineal feet timber approach.

Myrtle Creek-Roseburg highway Remote-Camas Valley section; unit No. 1, 6.1 miles grading, 112,000 cubic yards excavation; unit No. 2, 8.1 miles grading, 150,000 cubic yards excavation.

One reinforced concrete bridge on the Pacific highway over Sand creek near Leona, requiring approximately 225 cubic yards class "A" concrete, 35,000 pounds reinforcing steel, 226 lineal feet concrete handrail.

PROSPEROUS CONDITION IS SHOWN BY REPORTS

The annual business meeting and election of officers of the Baptist church was held last night following a banquet at 6:30, at which 60 members were present. Annual reports of all branches of the church were presented, and the business reports are said to be the best in the history of the church. Expenses have been high and a substantial increase was made in the pastor's salary but all bills have been paid.

Following reports, the annual election of officers was held as follows: Mrs. Kerley, clerk; F. L. Vanlice, treasurer; R. K. Hackett, Sunday school superintendent. It was also voted to hold an autumn revival campaign, the pastor conducting the meetings.

The annual harvest home festival will be held on October 13.

NEW GLENDALE MILL TO RUN NIGHT AND DAY

"Among Glendale's latest business enterprises, we are pleased to mention the Lystul-Lawson Lumber Company's mill which is to start operations in about two weeks," says the Glendale News.

"This firm has already spent several thousand dollars in remodeling and practically rebuilding and adding additional equipment to their plant just east of town. The pond has been enlarged so that it will have a capacity of a million feet, assuring a steady supply of logs so that special sizes and lengths can always be promptly handled. The construction of a planing mill is already under way, and will be ready to operate in about a month. The planer is to be electrically driven, local electrician D. A. Bonar of the California-Oregon Power Co., having charge of installing the motor and transformers which are already on the grounds. When the planer is ready, the company contemplates putting on a double crew and operating night and day."

LATTER DAY SAINTS MEET AT SALT LAKE

Salt Lake City, Oct. 3.—The 19th semi-annual conference of the Church of Jesus Christ of Latter Day Saints, (Mormon) was convened in the tabernacle here today, members of the church from all parts of the world being in attendance. Close to 10,000 visitors were present, it was estimated.

This year's semi-annual conference will end Sunday evening, September 5, making an epoch in the history of church conferences for it is the first time that the anniversary of the forming of the church has not been observed by including the sixth day of the month in the conference dates. The church was founded April 6, 1830 at Seneca, Fayette county, New York, by the Prophet Joseph Smith and five others.

GARY IS FIGHTING LABOR TO A FINISH

Flatly Refuses to Talk With Union Heads; Determined He Will Not Shut Out Non-Union Men

Washington, Oct. 3.—Charges of union labor leaders that the United States Steel corporation employed many foreigners in order to prevent the unionizing of its men were denied today by Elbert H. Gary, chairman of the corporation's board, when he resumed his testimony before the senate committee investigating the steel strike.

"If you have no unionism," Senator Kenyon asked, "who is going to speak for the men? How can individuals without unions present their views?"

Judge Gary replied that, as has been frequently done, individuals or committees of workmen could present grievances to foremen, superintendents, managers, or even higher officials.

"I'd like to know what the difference is between you and the labor unions," Senator Jones, democrat, New Mexico, said.

"Unions are endeavoring to compel employers to contract with them," Judge Gary answered, "and when that is done, non-union men cannot be employed."

"What good is it for men to belong to unions?" said Senator Walsh, democrat, Massachusetts. "If when they join you refuse to discuss anything with their representatives?"

"Let's settle this point right here," Senator Walsh said. "Will you confer with any representative of organized labor today to help settle this strike?"

"I will not," Judge Gary returned. Asked if he had any suggestion for settlement of the strike, Judge Gary said if peace were maintained, the law upheld and individuals left free, "the employes would settle it themselves."

BODIES OF AIRMEN BELIEVED FOUND

Nogales, Ariz., Oct. 3.—The bodies of two men, dressed in American army uniforms and with the insignia of the aviation corps in their pockets, found buried in the beach of the bay of Los Angeles, about 300 miles south of San Diego, are believed to be the bodies of Lieutenants Frederick B. Waterhouse and Cecil H. Connelly, according to a report made to military authorities yesterday by Joe Allen Richards, of Chicago, upon his arrival from Guaymas.

Lieutenants Waterhouse and Connelly disappeared while on border patrol duty between Yuma, Ariz., and San Diego. According to Richards the bodies were found by himself and William Rose, both Americans, when they landed on the Bay of Los Angeles, September 23, to get water, leaving the steamer Navari for this purpose.

BALD-HEADED MAN CARRIES "SCENERY"

London, Oct. 3.—There has been a boom in tattooing in London, since the armistice. The prize winning design was submitted by a discharged soldier who asked to have the names of all the battles he had participated in indelibly written on his arm. It was a rather long job for he had been through the war from the start—in 1914.

In Thames court recently a man appeared with his head, quite barren of hair, covered with tattooed butterflies, stars, etc.

UNCLE SAM PREPARING FOR THE 1920 CENSUS

Portland, Ore., Oct. 2.—Can you read and write? Are you married or single? What nationality is your mother and father? Where were you born and when? How much schooling have you had? What is your line of work? How long have you lived in this country? When did you take out your last citizenship papers?

Be prepared to answer these and numerous other questions. If you can't answer them now you have three months in which to prepare. Every one will be called upon to answer these questions, and refusal to do so will bring a fine of \$100.

On January 2 work of compiling the official 1920 census of the United States will begin, here and throughout the country.
