## CLEMENCEAU WANTS LEAGUE MEETING NOV.

### PROPOSES INVITING THOSE STATESMEN WHO HELPED FRAME THE LEAGUE

### WANTS THE GERMANS DISARMED

#### Italy Orders Blockade Lifted From Fiume, Except Against Soldiers Entering the City

Paris, Oct. 4.—Premier Clemenceau wrote Colonel House, urging that a meeting of the league of nations be held in Washington under the chairmanship of President Wilson, early in November. Clemenceau proposes inviting the greatest number of statesmen whose names were associated with the creation of the society of nations, and "would put in action the society which still exists only on paper." There would be only a small amount of business to transact.

Paris, Oct. 4.—The chamber of deputies has considered Deputy Leffevre's motion, asking that the government open negotiations to have a rider added to the Versailles treaty, rendering the disarmament of Germany effective.

Rome, Oct. 4.—Orders that the blockade of Fiume be lifted were issued by the government, it is reported. A military blockade against soldiers and civilians entering the city is all that is now being enforced. The decision was made after the government had discussed the protest from the Fiume national council.

## STRENUOUS EFFORTS TO SAVE ARMENIANS

The state of Oregon has been asked for a car of clothing for refugees in the Near East, and Grants Pass has been asked by the Oregon committee to help fill that car. Mr. Hoover reports 700,000 people in the Caucasus, but says 200,000 of them are beyond reach and only the most strenuous efforts will avail to save the 500,000. Three great provinces in Turkey are totally in the hands of the Turks and not until the peace treaty is signed and some country accepts a mandate for Turkey, will anyone be able to enter there.

Any sort of clothing that will help keep a man, woman or child warm through an Oregon winter is what is wanted as the climate is much like ours, only more severe in parts. The clothing should be clean and sanitary as possible. Repairing clothing will give work to refugee women. Leave what clothing you have with your respective churches Sunday morning, and Monday and Tuesday, deliver same at the basement in the courthouse, or call E. L. Coburn, county chairman, and he will get them.

## MONTANA HAS VOTED MILLIONS FOR ROADS

Helena, Mont., Oct. 4.—Counties of Montana recently have voted the aggregate of \$6,255,000 in bonds for road construction, to which will be added the federal appropriation for the purpose of \$5,500,000. Nearly all the Montana fund is to be spent on the federal aid plan, which provides that the state and the federal government shall each pay half of the project.

### Point-to-the Fact That America Is By Far Richest Nation on Earth; Our Sacrifices Small

London, Oct. 4.—"If mankind is to move forward in step, America, Canada, Australia, New Zealand, South Africa, each in their own sphere, must contribute their stream of effort and illumination to the common pool," says the Round Table in discussing the responsibility of the nations for the future of the world. "What that means in practice we cannot now do more than mention," the editor continues. "That it means the acceptance of large mandatory responsibilities by America goes without saying. A nation of 100,000,000 possessed of far greater wealth than any other in the world cannot continue self-centered in her own home and grow to the full stature of national manhood.

"America laid herself open to the charge of selfish indifference to anything but her own interests by the slowness with which she recognized her duty in the war, and the consequently comparative small sacrifice which she made for the cause of human freedom.

"She is now showing a similar readiness to try to escape from practical responsibility for the unfortunate peoples not yet able to stand alone, and consequently leave them to be exploited, and in some cases massacred, by peoples in no way qualified to have control of them. America will doubtless rise rapidly to a sense of her responsibilities. But it is urgent that she should not delay.

"The problem of the Dominions is different. They pulled their full weight during the war. All of them except Canada have now assumed trusteeship for backward peoples."

## REPUBLICANS ARE FOR RATIFICATION

Boston, Mass., Oct. 4.—"Prompt ratification of the treaty without amendments, but with unequivocal and effective reservations" was adopted in the platform of the republican state convention here today. The democratic state convention is unable to agree on an attitude toward the league of nations, and is causing delay.

### KING VIEWS NEW YORK FROM A HYDROPLANE

New York, Oct. 4.—King Albert of Belgium flew over the city in a navy hydroplane. He said it "was a grand spectacle."

## JIMMY SLAGLE HOLDS RECORD FOR FIELDERS

Chicago, Oct. 3.—Oscar "Happy" Folsch, who plays center field for the White Sox against the Cincinnati Reds, is the holder of a new record for major league center fielders. On June 20, 1919, while the White Sox were playing Cleveland, "Happy" accepted 12 chances without slip. Eleven of his chances were flies and one an assist.

Jimmy Slagle, while playing right field for the Chicago Nationals, in 1897, made 12 putouts, and this is the record for all outfielders, as far as putouts are concerned.

In 1877, Schafer, who played right field for the Braves, had seven putouts and four assists and Hornung, left fielder for the same club, gathered ten putouts and one assist in 1881. O'Brien of the old Metropolitan, had eleven putouts in 1887, but made an error. Dick Harley of the Cardinals, in 1918, had eleven putouts and Topsy Hartsel, while with the Cubs in 1906, grabbed off the same number.

## WILSON STILL CONFINED TO WHITE HOUSE

### CONDITION IS AS REPORTED NOT ALARMING; SPECIALISTS IN ATTENDANCE

### TUMULTY TELLS ABOUT GIFTS

#### Denies That President Received Millions of Dollars Worth of Presents While Abroad

Washington, Oct. 4.—President Wilson's condition was more favorable today. He had a good night's rest, Dr. Grayson said. His temperature and pulse are normal.

The president is cheerful, although somewhat restless about being confined in bed. Two specialists, Dr. F. X. Dercum, neurologist, and Dr. George Deschewitz, who have examined the president before, were called to Washington today. Dr. Deschewitz is an eye specialist and will have a consultation.

Baltimore, Oct. 4.—The president's brother, Joseph Wilson, said he believed there was no immediate cause for alarm, although the president is a very sick man, due to long months of overwork.

Washington, Oct. 4.—Secretary Tumulty said the gifts received by the president in Europe were "very insignificant in value," and he was ready to answer to the resolution of Representative Rodenberg, Illinois republican, asking as to reports that gifts were valued at millions of dollars. Secretary Tumulty said the president received no gifts which would require an act of congress for him to accept and in each case he consulted Secretary Lansing and the attorney general as to whether he could legally accept them. The most valuable was a gold casket containing a certificate of citizenship from the City of London. The king of Italy gave him two old guns, and the king of England gave him a book.

## PREACHES DEMOCRACY BUT PRACTICES AUTOCRACY BY SENDING YANKS ABROAD

The following article is taken from Capper's Weekly, of Topeka, Kansas, and appeared under the heading, "Bring These Boys Home." It is signed by United States Senator Arthur Capper, of Kansas.

"I know of no other administration we have ever had which has done so much talking about democracy and all the while has practiced executive autocracy to the limit.

"For instance, there is no law by which American boys may be sent abroad for military service except through a declaration of war by congress. But law or no law, this is being done. Just the other day we dispatched 5,000 American troops to Silesia, a country with which we are not at war.

"We have at this moment between 8,000 and 10,000 American boys fighting in Russia, although we have not declared war against that country and have no reason to. Four hundred and eighty of these boys have been killed in one sector, and a few days ago 23 others were killed in another.

"These boys were conscripted for our war with Germany, but are held in Russia against their will and against their rights as American citizens and have been so held for many months despite their own wishes and the pleas of their relatives that they be returned home where duty calls them.

"Where they are in Arctic cold and vermin and disease ridden Siberia, conditions are so appalling

## MILLIONS ARE EARNED BY THE NAT'L. GAME

### BIG LEAGUE BASEBALL PLAYERS ARE NOT A POORLY PAID AGGREGATION

### STRUGGLE FOR 15TH PENNANT

#### Teams Average Over \$60,000 per Season; Present Series Expected to Break All Records

Chicago, Oct. 4.—What the World Series means in dollars and cents to the baseball fraternity can be exemplified by the statement that before the present series is completed the gate receipts for such contests played under the jurisdiction of the National commission will reach the impressive total of more than \$3,565,000.

The battle for the championship is the logical climax for each season's pennant races and the fact that close to two million spectators have paid almost three and a half million dollars to witness such contests places the stamp of public approval on the play beyond cavil. Since 1905, when the National commission began its supervision of the World Series, 14 have been played and the Chicago Americans and Cincinnati Nationals are now engaged in a struggle for the 15th championship.

During the past 14 seasons the attendance totaled 1,915,494 and as 78 games were played in these series the average attendance has been very close to 25,000 per game. In the same period these spectators have paid in at the gate about \$1.80 each for the privilege of watching the play, the aggregate gate receipts for the 78 games being \$3,429,720 in round figures, which is an average of very close to \$44,000 per game.

Further delving into the figures shows that the club owners have

## DUTCH TO REALIZE DREAM OF 70 YEARS

### Will Reclaim Land Covered by Zuyder Zee, Where 80,000 People Perished 700 Years Ago

Amsterdam, Oct. 4.—Holland at last has begun work on its long-projected plan for reclaiming the land covered by the Zuyder Zee. This will mark the fulfillment of a Dutch dream of 70 years.

The scheme aims at recovering for tillage and pasture about 800 square miles flooded by the sea 700 years ago with a loss, it is said, of 80,000 lives. The remaining 500 square miles of channel between the reclaimed portions of land will be turned into a fresh water lake fed by the River IJssel, a branch of the Rhine, and protected against the sea by a dyke 183 miles long between the Island of Wieringen and Piaam, on the coast of Friesland.

The reclaimed land will consist of four "polders" surrounding the lake. They are expected eventually to supply a living to nearly 250,000 persons. The work is to be spread over 20 years and will cost about \$100,000,000.

During the last three generations the Dutch have added to their territory by reclamation 2,000 square miles.

### EMPLOYMENT BUREAUS TO CLOSE ON OCTOBER 10TH

Washington, Oct. 4.—The United States employment service today notified its federal directors to close the state federal employment offices on October 10 because of lack of funds.

## AMERICAN LEGION TO CELEBRATE NOV. 11

Members of the American Legion are looking forward to November 11th as the first anniversary of the signing of the armistice for a genuine "100 per cent American" celebration. The local post has decided upon a big dance for that night, to mark the significance of the date, which gave rise to the great organization of ex-servicemen, and stopped the awful casualties which would have claimed many of these men.

November 11th also closes the national-wide campaign for charter members of the American Legion, and the local celebration will also be a welcoming reception to the members yet to join the local post.

Every effort is being made to include every eligible man in this country in the local post by that date, as all names registered up to that time will be placed upon the charter of the Grants Pass post.

The local post will give a smoker for all ex-service men at its regular meeting Tuesday night. Several boxing bouts and some other entertainments are being arranged for that evening. All members and candidates for membership are requested to be present Tuesday night at the Chamber of Commerce rooms.

#### Americans Make Two Errors and Get Only Three Hits From Ring; Are in a Deep Hole

Chicago, Oct. 4.—The weather here today is cloudy, but there will probably not be rain. Ring is expected to pitch for Cincinnati and Cicotte for Chicago.

A capacity attendance of 35,000 people is indicated this morning. The total attendance thus far has been 89,000 people, and the gross receipts \$286,000. The White Sox are again the favorites in the series betting.

Chicago, Oct. 4.—Both pitchers were almost perfect in the first four innings and the game is fast.
