COUNTY AGENT'S NOTES

Grain Smuts
Most of the fall sowing will be done during the next three weeks. The matter of the crop next year being free from smut is one to be decided now. He cannot afford to take the chance for the little time and expense involved in treating the seed.

A farmer recently said to us "Never again! I have been treating my seed for years and have had no smut so thought I would take a chance without it this year." The result was a badly smutted crop.

Formaldehyde Method
Use 1 pint formaldehyde (37 to 40 per cent) in 40 gallons of water. Wet the grain thoroughly by sprinkling or by pouring into the solution or by soaking 5 to 10 minutes in gunny sacks. Loose grain should be piled up and covered with a disinfected canvas and left for two hours. Do not resack in bags that have had smutty grain in them.

All grain should be fanned to remove smut balls before treating.

County Agent.

STOPPED HER BABY'S COUGH

No remedy is better known than Foley's Honey and Tar for giving quick relief from coughs, colds and croup. Mrs. W. M. Stevens, Vivian, W. Va., writes: "When my baby was 11 months old he had a terrible cough and nothing did him any good. I read about Foley's Honey and Tar, and the first dose helped him and in two days the cough had stopped. I can say Foley's Honey and Tar saved my baby's life after everything else had failed." Contains no opiates. Sold Everywhere.

PADEREWSKI HAS NOT PLAYED FOR TWO YEARS

Paris, Oct. 7.—Interviewed, after the signing of the Austrian treaty Ignace Jan Paderewski volunteered the information that he had quite forgotten how to play the piano.

The journalist, after asking the Polish premier numerous questions relating to the political situation in Poland, finally queried: "And your art, Mr. President, have you given it up completely?"

"Yes," replied the former artist, "I have forgotten it. I have little time to think of it. I have not played a piano for two years and three months. I do not regret it."

Then he added with a tinge of pride: "I am happy to have sacrificed to the cause of my country what I held most dear."

LIKE THE BOOK OF GENESIS

Description of Flood of Time of Noah Found Among Ancient Records of Chaldea.

Perhaps the tracing of the story of the book of Genesis is the true fascination that Mesopotamia has for those who have time to read. The great boats of the Euphrates have the identical lines of the toy ark that can be bought in London. Where a pent roof has been added for our purposes the two are one in shape. A Euphrates "bellum" arranged as a sick barge is the toy ark of childhood. Is that toy ark an authentic tradition in its shape? It is almost certain to be. The Euphrates boats are pitched inside and out with pitch, as was that ark. In these same bellums, some as large as 70 tons, we may find British batteries sailing the Euphrates and a modified menagerie could easily walk on board. One more suggestion of the toy shop tradition strikes the casual observer. The tribespeople from the hills who work on the Tigris and Euphrates wear high black felt hats, a topper without a brim. Are Mr. and Mrs. Noah really correctly dressed?

Then on top of the discovery of the ark comes the more serious reading of a parallel version of the Bible story of the flood found in the cuneiform in Layard's tablets from the Royal Library of Ashurbanipal at Nineveh, copied or collected possibly from Sargon's library at Accade or Erech, older than Ashurbanipal by perhaps 1,500 years. Were the stories of Genesis the household stories of Chaldea 4,000 years ago? It would seem so, when from Babylon is unearthed a seal with the representation of the temptation, Adam and Eve, the serpent and the apple tree.

and from there we went to Japan

Talk about adventures!
Men in the Navy come home with the kind of experiences that most chaps read of only in the books.

Here's your chance!
Uncle Sam has, as you know, a big Navy and gives red-blooded young fellows like you an opportunity to step aboard and "shove off".

What will you get out of it?
Just this:
A chance to rub elbows with foreign folks in strange parts of the world.

The chance for good honest work on shipboard—the kind of work that teaches you something real; the kind of work that puts beef on your shoulders and hair on your chest.

You will get 30 care-free vacation days a year, not counting shore leave in home or foreign ports.

You will have the kind of comradeship in travel that sailors know.

You will have regular pay; over and above your meals, lodging and your first uniform outfit—good stuff all of it.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

To any Father and Mother:—
In the Navy your boy's food, health, work and play, and moral welfare are looked after by responsible experts.

Shove off! - Join the U. S. Navy

Bombing Plane Passes—The Martin bombing plane, Lieut. Colonel Hartz commanding, left Portland this morning to make a short stop at Eugene and then make a straight-away dash to Sacramento. This afternoon at 3:30 a large plane, supposed to be the Martin, passed over Grants Pass flying at a rapid rate on its way south.
