Callus? "Gets-It"
Will Peel It Off!Nothing on Earth Like Simple "Gets-It"
for Corns or Calluses.

A callus, or thickened skin on
the sole of the foot, which often
makes walking a misery is of the
same nature as a corn. "Gets-It"

Use "Gets-It" and Dance, Even with Corns
removes it as easily as it does the
toughest corns. By using a few
drops of "Gets-It" on the callus, you
will be able to peel it off with your
fingers, in one complete piece just
as you would a banana peel. It
leaves the skin free and smooth as
though you never had a callus. You
need no more fussy plasters, sticky
tape, "backage" bandages, knives or
scissors for corns or calluses. "Gets-
It" is the national corn remover, the
biggest on earth, used by millions. It
never fails. You'll work, play and
dance at ease in spite of corns.
"Gets-It," the only sure, guaranteed,
money-back corn-remover, costs but
a trifle at any drug store. Mfg'd by

The More You Delay
The Better It Raises

If you can shut yourself up in the
kitchen and avoid all interruptions
most any baking powder will give
good results. But with Crescent de-
lays do not make a particle of dif-
ference—in fact, best results are ob-
tained by allowing the dough to
stand for five or ten minutes before
placing in the oven.
Griddle cakes or biscuits raised with
Crescent can stand hours if neces-
sary before baking.
Neither is a very hot oven required
for Crescent.
Crescent produces sweet, wholesome
baking.
Your grocer can supply you.
