

A Booster Bank

"It is better to be fired by enthusiasm than to be fired for lack of it."
 In other words it is better to be a booster than to have people shun you as a knocker. Ours is a booster bank. We believe in boosting, in helping, in being accommodating, in being a help to the community rather than a hindrance. Do you? Then let's get together. They say "birds of a feather flock together." We would like to have all the good boosters as our customers and friends. Come in and let's talk it over.
