Ingenious Excuse.
Billy's mother was particular that he should say his prayers upon bended knee before retiring, and one cold night she was surprised to find him already in bed when she stepped in his room to hear him repeat his prayer. "Why, son, you haven't said your prayers," she began, but he interrupted her: "Oh, yes, mother, I have; I said them in bed, but I got in just as uncomfortable position as I could."

"Monroe" house to be torn down for new building sells at auction for \$138,000. President Monroe died here 90 years ago. The house in which James Monroe, fifth president of the United States and author of the Monroe Doctrine, died almost 90 years ago was sold today to a buyer whose purpose it was announced is "to improve the property." It is understood that the old mansion now standing at number 63 Pine street will be torn down and that "there will be no sentiment about it."

The Thanksgiving Witch

THERE'S a witch in the kitchen who's baking and brewing. And mixing and moiding, and sifting and stewing. She is up to her elbows in raisins and spices. As she chops and she peels and she minces and slices. Around her the fragrance of pumpkin pie hovers. Each minute a new kind of dainty discovers. As stirring and steeping, and basting and sieving. My capable sweetheart prepares for Thanksgiving.

O! this witch in the kitchen has wove, around me A spell that in happy enchantment has bound me. Compounded of fruit cake and cranberry jelly. And dressing with onions deliciously smelly. And turkey all crinkly and wrinkly and tender. And celery, plume-topped, and snowy and slender. And her magic has made me determined to win her To preside as my bride at my Thanksgiving dinner. —MINNA IRVING. (Copyright, 1919, Western Newspaper Union)

FEEDING ENSILAGE TO COWS

Animals Not Only Pay for Feed in Summer, but Will Be in Good Condition for Winter.

Do not wait too long when flies are bad and the weather is warm to open your silo and begin feeding ensilage to your cows. They will not only pay for their feed in the summer, but will be in much better condition in the winter months, to do better work. Do not fail to have some sort of shade in the pastures if you wish your cows to do well in the hot summer months. A cow that has to fight flies in the sun all day will not give large returns in the fall at night.

Step lively if you want that \$50.00 Wrist Watch on display at Letcher & Son's jewelry store.

The Greater Misfortune.
For ignorance of all things be an evil neither terrible nor excessive, nor yet the greatest of all; but great cleverness and much learning, if they be accomplished by a bad training, are a much greater misfortune.—Plato.
