Divorce Complaint Filed—Complaint has been filed in the circuit court by Pearl E. Sullivan against her husband, Geo. B. Sullivan, from whom she seeks divorce. The complaint alleges various practices of indignities and finally desertion.

Examines Bridge Damage—C. M. Christianson, representing the Union Bridge Co., has been in the city today making an examination of the damage done to the steel bridge when it was struck by the fire truck Saturday night. Mr. Christianson says that the truss can be repaired by the use of plates bolted to the sides of the truss, and that it will be just as strong as ever. He said that he has never seen such an injury to a bridge previously, and that it was evident the truck hit it a smashing blow. He believed it probable that the steel being cold made it snap the easier.

Travels of the White Auto—A statement of the Medford Mail-Tribune of yesterday presents a new angle to the transactions in which the White auto, stolen from W. G. White last September, has appeared, and indicates that the machine had been transformed into a bug before it reached the hands of the Medford garage people. The article in the Medford paper says: "The White car referred to was not made over into a bug by Hines & Snider, but on the contrary the bug was taken in on a deal from Chester Kubli of the Applegate, and was sold to Sammie Richey. Mr. Evans did work for a time for Hines & Snider but they have no disposition to shield him in any way. Hines & Snider are one of the most reliable firms in Medford, and the proprietors eagerly gave the authorities all the information they could."
