If you haven't an account at the bank, no matter how small, start one today. Don't put it off. Your financial success depends upon it. Make the start. Add to your deposit. The habit will grow. Some day you will thank your banker for this advice—providing you follow it. Of course our bank extends you an invitation to open an account.

### PURITAN

"The Super Phonograph"

No other phonograph has so many points of merit—not mere "talking" points, but built in features. The Puritan is not an "assembled" phonograph, but is built complete in its own large factory.

Skeletonized view showing the great, deep acousticator used in all Puritan machines.

The completed Puritan is a thing of beauty. Exquisitely-made, with a depth and sweetness of tone, and a clearness of expression which delights the music lover.
