This telegraphed picture is of Sam Cardinella, head of a band of Italians arrested November 27, for many recent murders and robberies in Chicago. Attempts of members of the "Murder Gang" to obtain freedom by means of habeas corpus proceedings were frustrated by the police. Members of the gang have confessed to a number of murders and innumerable robberies. Cardinella's pals in crime tell of one case where he deliberately armed them with knives and sent them to the home of a man with strict orders to torture him until he yielded to extortion. The police consider the round up of these remarkable criminals as the greatest capture in the city's history.

The Christmas tree would seem incomplete if it bore no slippers. Above is a group of this year's offerings. At the top is a gay little pair of ribbon slippers for the young girl. In the center there are elderdown bedroom slippers for any member of the family, and just below a pair of satin booties for baby, lined with plush or elderdown and bordered with fur. THE KEWPIES XMAS TREE

O' dear me I am so happy
'Cause Santa has found the way
He has lit right here amongst us
I know he has come to stay.
Me, being Queen of the Kewpies
I must stand close by his side
The rest of you must act pretty,
'Cause in you we take great pride.
I hope that all little children
Every little girl and boy,
Will walk right up here and see us,
For I am just full of joy.
'Merry Xmas,' 'Happy New Year.'
We must each sing out, with glee,
When children come up to see us,
And look at our Xmas tree.

THE FARM BUREAU

The Executive Committee of the present Josephine County Farm Bureau has decided to put on a campaign at the beginning of next year for a paid membership. This is in line with the movement throughout the country. Several counties in the state are doing the same thing and, no doubt, these will lead up to a State Farm Bureau organization which will link up with the National Farm Bureau, which is already in the process of formation.

The objects of the Farm Bureau are to promote the development of the most profitable and permanent systems of agriculture; the most wholesome and satisfactory living conditions; the highest ideals in home and community life and a genuine interest in the farm business and rural life on the part of boys and girls and young people.—Josephine County Farm Bureau News.

"Gets-It" Peels Off Corns Painlessly

Off They Come Like Banana Skin. 2 or 3 Drops, That's All.

There's a murderous, painful way to get rid of corns, and then there is the peaceful, glorious "gets-it-off" "Gets-It" way. After you have tried "Gets-It" you will say "never

Cut It? Quit It! "Gets-It" Peels It! again" to all other methods. This is because "Gets-It" is the only corn-remover on earth that makes corns peel off just like a banana skin. Two or three drops will do the work, without fussing or trouble. You apply it in 2 or 3 seconds. It dries immediately. "Gets-It" does the rest, without bandages, plasters, blood-bringing knives or razors. Get rid of that corn-pain at once, so that you can work and play without corn torture. Be sure to use "Gets-It." It never fails. "Gets-It" the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfd by E. Lawrence & Co., Chicago, Ill. Sold in Grants Pass by George C. Sabla.

Ford THE UNIVERSAL CAR

The Ford Sedan, with electric self-starting and lighting system and demountable rims with 3 1/2-inch tires front and rear, for every day in the year has no equal as a family car. Just as popular on the farm as it is in the city. In fact, it fits the family demands in every vocation of life. Large, roomy seats, finely upholstered, plate glass windows make it an open car in pleasant weather, while in rainy and inclement weather it becomes a closed car, dust-proof and rain-proof. It is not only comfortable, but really cozy, and above all, economical in operation and maintenance, and has all the Ford merits of strength and durability.

Is It Wired For Electricity?

Before renting or buying a home be sure to ask this question: "Is it wired for electric service?" The home without electric service is comparable to the old horse-drawn street car; it is far behind the times—sadly lacking in modern conveniences and comfort.

Electricity for Cooking, Hot Water Heating and Lighting!

Electricity does all these necessary things, does them economically and well, without trouble, dirt or delay. Think of the score of times during every 24-hour period when you actually need fuel for cooking, for hot water, for bringing light into your home. Then decide if you can afford to be without it—if the house equipped with electric service isn't worth more than the home without it.

Waiting in Agony.

At a recent wedding the bride was delayed a little in making her appearance. When at last she did appear she breathlessly ran up to the embarrassed bridegroom, who had been waiting for her in agony and putting her arms around his neck exclaimed: "Oh, John, dear, I am so sorry I am late."

First Moving Picture.

The first real moving picture was produced by C. Francis Jenkins, a stenographer at the treasury department, Washington, and shown by him at Richmond, Ind., his home town, on June 6, 1894. The picture portrayed a butterfly costume dance performed by a vaudeville artist named Anna-belle, who received \$5 for her work.
