

Happy Old Age

Of course youth is the great time for happiness, but old age has its compensations, too, provided age represents the declining years of a well-spent life.

But to be happy in old age there must be a good competence secured during the productive years of life. We all must grow old. There is no avoiding it, but there is a way of avoiding a penniless, poverty-stricken old age. That's why we urge people to start a savings account which will be a friend in need as you travel along, and a great comforter during your declining years.

THE ABSOLUTELY SILENT MOTOR AND GREAT DEPTH AND SWEETNESS OF TONE RECOMMENDS THE

PURITAN

TO LOVERS OF REALLY FINE MUSIC

Even the violin, cello, and piano are reproduced on the Puritan with unbelievable perfection. In listening to reproductions on a Puritan machine, you forget that you are merely listening to a phonograph. Every inflection of tone, every word of the song, reaches you unmarred, undimmed, as though you were listening to the singer himself. Every note of the instruments played is reproduced with wonderful clearness and sweetness.

No machine can compare with the Puritan for playing children's records, recitations and speeches for the Puritan is exceptionally clear in expression. The Puritan is in a class by itself. It can be compared to no other machine, for no other machine is built with the long horn chamber which makes the Puritan's music so much superior in sweetness of tone, clearness of expression and richness of volume.

The Puritan plays all makes of disc records perfectly, and without extra attachments.

COME IN AND COMPARE THE PURITAN WITH THE OTHER TALKING MACHINES YOU HAVE SEEN AND HEARD
