

Taking Stock!

This is the season when thoughtful people pause for a moment to "take stock."

In your own case, for instance:

What have you accomplished in the past year?

How much more money are you worth now than a year ago?

How much have you laid away against "hard times," misfortune and inevitable old age to which every year brings you nearer?

FREE DEMONSTRATION ON CARE OF TIRES

On Monday, January 12, a Good-year Tire expert will be in our store to give a demonstration on tire conservation. He comes here to help you get more mileage from your tires.

Illustrated lectures, informal discussions and actual demonstrations of the use of tire savers will go on throughout the day. You can drop in any time and hear him.

He will show you how a tire is made, why it is made that way, why tires wear out prematurely; he will tell you about the different tire abuses and how to avoid them.

There are many other points that will be touched upon during the day. Proper loads for passenger cars and trucks, proper inflation of tires, how to care for tread cuts, faulty wheel alignment, and how to treat a stone bruise will be described.

A half hour spent with this man will save you many hours and many dollars in the future. Don't fail to attend this free demonstration. Remember the date, Monday, January 12, all day. Grants Pass Service Station.

U. Team Home Tomorrow—

It is expected that the football team of the University of Oregon will pass through the city on its way to Eugene on the morning train Sunday.

One for Smokers.

Anecdotes of Charles Kingsley abound just now, for he was born on June 12, 1819. Smokers will particularly relish one told by Mr. A. G. Benson, essayist and son of Archbishop Benson: "My father used to tell how once he was walking with Kingsley round about Eversley, when Kingsley suddenly stopped and said: 'It's no use. I know you detest tobacco, Benson, but I must have a smoke,' and he had accordingly gone to a big furze bush and put his arm in a hole, and after some groping about produced a big churchwarden pipe, which he filled and smoked with great satisfaction, afterward putting it into a hollow tree and selling my father, with a chuckle, that he had concealed pipes all over the parish to meet the exigencies of a sudden desire to smoke."

Applies for Water Right—

In the list of applicants for water rights filed with the state engineer is noted that of Dr. W. H. Flanagan, of Grants Pass, who asks appropriation of water from the Rogue for the irrigation of 123 acres of land.

Margaret Moore Sells Restaurant—

Wong You, for the past two years proprietor of the Mocha Cafe, has purchased the restaurant known as Margaret's Cafe from Mrs. Margaret Moore and will take charge Sunday morning. The deal was made the middle of December but Mrs. Moore continued management until tonight. Wong You will probably conduct both places. Mrs. Moore will go to Portland next week for a few days.
