

Conservation

"Ma, can't I have some little brothers and sisters to play with?" asked the lonesome little chicken of the sedate old hen. "No, Augustus," replied the thoughtful hen, "not while eggs are 70 cents a dozen."

That's conservation. A little tough on Augustus, but it had to be done. The war has taught us all the lesson of conservation. It has taught us how to save. It was a good, wholesome lesson and it should not be forgotten, now that the war is over. A good bank like ours is a friend to every saver.
