NURSE BREAKS STRIKE OF BLOOD GIVERS

Miss Lillian Olga Jedlicka shown here on the operating table, a student nurse at the Flower hospital, gave her blood for a patient after the professional "blood donors" went on strike demanding \$55 for a pint of their blood instead of the old price of \$25. After the transfusion operation Miss Jedlicka was at work again and the strong husky men who make a specialty of selling their blood had promised not to strike any more and one of the strangest strikes in history was ended.

Making the Great Seal.

The affixing of a "wafer great seal" to the treaty of peace is a somewhat less laborious work than the making of the seal, which is a considerable business. The wax is not put upon the paper as with more humble seals, but it is in the form of a large disk, with an impression on either side. It is kept in a wafer case attached to the document by a tag imbedded in the wax. The seal itself consists of two heavy silver plates, in one of which is cut the impression for the front of the device, in the other that for the back, and new plates cost—or cost in pre-war times—£700. When a seal is required a mass of wax is softened in warm water, cooled in cold, placed between the two plates, and impressed.—London Daily Express.

GET UP AND GET BUSY IT'S WASHDAY

IF HUBBY HAD TO DO THE WASHING—

THE CHANCES are that if hubby was invited to do the family washing or to stick around while it was being done he would say, "Let George do it." Our advice is to let one of our electric washing machines take the soil out of the garments and the toll out of your wife's life. Let us demonstrate their worthiness and guaranteedness.

Y. W. C. A. CALLS BIG CONVENTION

2,000 Women Expected to Gather in Cleveland the Week of April 13-20, 1920, for National Convention.

MEETING POSTPONED TWO YEARS BY WAR

Delegates Will Discuss New Membership Basis for Students and Question of Future Support for Work. Many Other Things.

The Young Women's Christian Association of the United States of America will meet in national convention in Cleveland, O., the week of April 13 to 20, having postponed the convention from the spring of 1918 in order to comply with a government request that expense and travel be reduced to a minimum during the war.

The department on conventions and conferences of the National Y. W. C. A., of which Mrs. Harry Emerson Fosdick is chairman, estimates an attendance of 2,000 women, representing all departments of Y. W. C. A. work—board members, secretaries, students club girls, Girl Reserves, girls from Industrial Service Centers, women from the International Institutes for foreign born women, members from city, town and country Associations.

Each Association in the United States will be entitled to one voting delegate for every one hundred voting members in the Association.

Two of the most important questions which will come up before the convention will be the membership basis and the question of support. Of old business to be considered the most important question will be the membership basis for student associations, the granting of charter membership privilege to the Chicago Young Women's Christian Association and a recommendation providing an increase in membership of the National Board of the Association will also be presented.

Rev. Charles W. Gilkey, pastor of Hyde Park Baptist Church, Chicago, will give a series of morning addresses during the convention week. Dr. Robert E. Speer, secretary to the Foreign Mission Board of the Presbyterian Church, North, will also give an address. Mrs. Speer is chairman of the National Board of the Y. W. C. A.

The convention will be in session morning and evening, the afternoon being given over to sectional meetings held in various churches. Attendance at these meetings will be determined by group membership and also by activities.

Mrs. W. P. Harford of Omaha, Neb., will preside at the opening session, having been elected as president at the last convention of the Young Women's Christian Association, held in Los Angeles in 1915.

The committee on business to come before the convention has for its chairwoman Mrs. John French and includes among its members Mrs. John D. Rockefeller, Jr., Miss Eliza Butler, sister of Nicholas Murray Butler, president of Columbia University; Miss Martha McCook, Miss Mabel Cratty, general secretary for the National Board of the Y. W. C. A., and Mrs. William Adams Brown, all of New York city.

REFUSES TO BE COMFORTED

Given Remedy for Potato Bug Pest, Possimist Digs Up Another Tale of Woe.

A Kansas City farmer has proposed a scheme for doing away with potato bugs so simple that it seems ridiculous. Perhaps not much dependence is to be placed in agricultural suggestions offered by a Kansas City farmer, Kansas farmers should command instant respect, but we would not be inclined to have faith in a Kansas City farmer much more than in a Manhattan farmer. However, this hint may be taken for what it is worth. The Kansas City idea is that all that is necessary to keep the potato bugs away is to plant one bean in the hill with the seed potato. It seems that the bugs hate beans.

Perhaps they do. Anyway, in our own experience we can testify that we have never seen potato bugs feeding on bean vines. It would be a logical assumption that they will not venture into the presence of beans. So far as we have observed there has not been a potato bug in our garden this season. Perhaps, that is because we did not plant any potatoes. But gar-

dens develop or encourage all kinds of bugs besides potato bugs. That is one of the harassing experiences of about every amateur gardener. And if it is not bugs—it is something else. Just as you get your garden growing well, about come a couple of calves or a herd of cows and eat off the tops of everything. The bovine tribe seems to have a peculiar fondness for young corn. Only a person with bitter experience can fully appreciate the significance of that old nursery appeal to Little Boy Blue to blow his horn on account of the cow's being in the corn. Between the pests that bite the roots or masticate the leaves and those that eat or trample the plants it is mighty hard to raise growing things.—F. H. Young in Providence Journal.

Famous Receiving "Ship."

The United States receiving ship at Brooklyn is not really a ship at all. Its activities have outgrown the largest ship and it is now a small city of aluminum buildings on a mile-long strip of shore on the Narrows. But the nautical habit of speech is so strong in our navy that it is still called a ship, and the floors of its various office buildings are only spoken of as decks. As a railroad station is to the civilian, so is a receiving ship to the navy. Here crews are assembled and sent out.

How Do You Feel—When You Stoop?

Slow and sluggish movements, tired action, backache, rheumatic pains, stiff joints or sore muscles indicate that something in the human system is out of order. In most cases, these symptoms are the result of waste matter or poisonous acids being left in the blood by the failure of the kidneys to properly do their work of filtering and casting out impurities from the blood.

STOPPED HIS BACKACHE

"I am 70 years old. I tried Foley Kidney Pills, thinking I needed them—my back was hurting and aching all the time. I got so bad that when I would stoop over in the store while at work I could hardly raise up—such an awful catch in my back. After taking just one bottle of Foley Kidney Pills, my backache was entirely gone and I felt good and strong. I think they are the greatest remedy for backache and irregularities of the bladder."—W. P. Tatum, K. F. D. 1, Washington, Pa.

FOLEY KIDNEY PILLS

have been used by young, middle-aged and old with complete satisfaction. You will find them different from all other remedies. They act quickly and surely and have given relief in cases of years' standing. If you have cause to suspect your kidneys are weak, disordered or inactive, you should act immediately.

CHAMBERLAIN'S TABLETS

This is just what you need, madam. Many women who were troubled with indigestion, a sallow, muddy skin, indicating biliousness and habitual constipation, have been permanently cured by the use of Chamberlain's Tablets. Before using these tablets they felt miserable and despondent. Now they are cheerful and happy and relish their meals. Try them. They only cost a quarter.

Chamberlain's Tablets
