

### More Truth Than Poetry

In this old world with its steady grind, it is better to be ahead than a little behind.

There is a good deal of truth in that, no matter what you may think of it as "poetry." How can you get ahead? The answer is plan. Save! Unless you do, you will always be a little behind. Such a little no matter how small your earnings. Then place the savings in a reliable bank like ours where it will be safe. No matter how small the amount, you will then be ahead instead of behind. It's the thing to do. Try it.
