CHINESE WOMEN STUDY HEALTH

Three Doctors Return From America to Begin Active Health Campaign Among Women.

ALL AGENCIES COMBINE.

American Y. W. C. A. Will Support Women's Part of Chinese Health Campaign as Part of World Service Program.

As a result of the Y. W. C. A. International Conference of Women Physicians, held during September and October, Chinese women are to have a far-reaching health program.

Dr. Ida Kahn, Dr. Li Bi-Cu and Dr. Dau, three of China's half hundred women physicians, who attended this

conference, are to take an active part in promoting this health program for women which will be the share of the Y. W. C. A. in the big health movement in China.

The funds for establishing these health centers, for demonstrations of how to care for babies, for health lectures for the women, for babies' dispensaries and for a general educational campaign, will be raised by the American Y. W. C. A. as part of its program of world service for women and girls in 1920.

Dr. Ida Kahn, in a recent appeal to modern Chinese women said, "Let our women of education in Peking and elsewhere gather themselves together to work for the schools, Red Cross and Y. W. C. A., and everything else which bespeaks the betterment of the country, instead of staying at home to play poker and 'sparrow,' and going out to attend endless dinners, tea parties and dances."

"Let us rally our forces and help the ship of state to move safely. One person cannot accomplish much, but one or two hundred millions of women can work wonders. Let us go back to a more Spartan-like simplicity of living and let us build up social service until every city in China is sanitary, every section of the town has its proper schools, and every child, whether boy

or girl, is sent to such schools. True social service brings democracy in its train, and we who are citizens of a new republic can help to make it truly great by preaching and living democracy all the time. Why not learn to do our household duties, deeming it effeminate to be waited upon by maid and slave girls all the time?"

"The status of women in China while leaving much to be desired, still is quite hopeful, when we consider that she is just emerging into the sisterhood of the nations. Our men can depend upon us to bear the burdens of the day, for nowhere is there a more industrious, diligent and persevering womanhood than in China."

Dr. Kahn is lecturing in this country on the needs of her fellow country women, in the interests of the Y. W. C. A. Educational Campaign which plans to acquaint people with all phases of Y. W. C. A. work in the United States, South America, China, Japan, India and Europe. This educational campaign will be followed by an active effort to raise the \$3,000,000 needed for service for women throughout the world.

Swamp Lands.

The swamp and wet lands of the United States are equivalent to three-fourths of the area of France. Much of the swamp land, however, is wet only after heavy rains and usually bears heavy vegetation. It is believed that large areas, if properly drained and cleared by public or private corporations, could be transformed into productive farms.

DON'T DESPAIR

GOLD MEDAL HARLEM OIL CAPSULES

The world's standard remedy for kidney, liver, bladder and uric acid troubles and National Remedy of Holland since 1896. Three sizes, all druggists. Guaranteed. Look for the name Gold Medal on every box and accept no imitation.

Attention! Important!

We have no Ford cars in stock.

We are expecting some soon but as there are many more buyers than we can supply we can make delivery only to those who sign orders and make a deposit of \$25.00. These orders will be filled in rotation according to date taken. If you want a car the sooner you let us have your order the sooner you will get it. There is a shortage in all makes of cars, and the situation will be worse as the season advances. The public will soon find that this will be a year of ordering in advance for almost anything they want. You may not be obliged to wait long for a Ford if you order now but the order system is the only way in which the cars can be fairly distributed. The Ford Motor Company insists on a strict enforcement of this rule from this time.
