# Attention! Important!

We have no Ford cars in stock.

We are expecting some soon but as there are many more buyers than we can supply we can make delivery only to those who sign orders and make a deposit of \$25.00. These orders will be filled in rotation according to date taken. If you want a car the sooner you let us have your order the sooner you will get it. There is a shortage in all makes of cars, and the situation will be worse as the season advances. The public will soon find that this will be a year of ordering in advance for almost anything they want. You may not be obliged to wait long for a Ford if you order now but the order system is the only way in which the cars can be fairly distributed. The Ford Motor Company insists on a strict enforcement of this rule from this time.

## Listen Ladies!

WE offer you something that has solved all baking problems in millions of homes—that is economical to buy and economical to use and we do not believe the shrewd housewife of Grants Pass will refuse to test the truth of these statements.

Manufacturers of other brands of baking powder know better than anyone else how good Calumet Baking Powder really is.

They know it is pure and wholesome and that in a great majority of cases when a housewife has tried Calumet she will use nothing else. Consequently they attempt to prevent a trial wherever possible.

They are actuated by purely selfish motives—they fear you will quit buying what they have to offer and use something that may prove to be a great deal better. Learn the facts about baking powder and then decide for yourself. You can try Calumet—at our risk. If it isn't the best baking powder you ever had in your kitchen it won't cost you a penny.

The exceptional merit of Calumet is proved by the efforts of competitors to prevent a trial.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

You save when you buy it.
