Troubles, Troubles, Troubles

We borrow most of our troubles. We anticipate them and worry; we imagine all kinds of dire calamities; we see fate just around the corner, ready to smite us with the bludgeon of failure, but when we turn the corner we find that fate has not even touched us. We fret and fume to no purpose and waste our energies.

George Booth, who recently enlisted in the U. S. navy is now in Hawaii, having stopped off there on his way to Siberia.

Mayor Demaray, who was confined to his home for a week because of illness, has so far recovered that he is again at the store attending to business. Mrs. Demaray was also ill, but is now convalescent.

C. W. Courtney arrived home on Thursday evening from a business trip to Portland. He was accompanied on the return trip by R. A. Dozier, one of the proprietors of the Pacific Ore Reduction and Chemical Manufacturing company, who comes to take up the work here.

Seed oats, barley and wheat at the Josephine County Flour Mill. 10 Dr. W. H. Lytle, state veterinarian, stopped off in Grants Pass last night before returning to Salem. The doctor was recently called to Klamath Falls to investigate the charge that California sheep were being brought into Oregon without first having passed the federal quarantine regulations.

R. W. Rowley, who has gained fame as the guide who pilots the public through the Josephine caves came to the city from his Williams creek ranch Thursday night, and purchased a Ford runabout of the local agency. He intended to drive his new purchase to the ranch today, but as his hand is more trained in guiding a broncho than a Ford, he concluded to wait till the light snowfall was off the roads. The chances are that there is considerable snow higher in the Williams creek valley, and Dick will await its disappearance before he drives his Henry home.

Local People in Portland--

John Hampshire, a road contractor, of Grants Pass, and James C. Lappin, also of Grants Pass, are at the Portland. —Portland Telegram.

Time for Motion Extended--

The time for the filing of a motion for a new trial in the case of the state vs. R. J. Rowan was extended by the court till March 1st. Rowan was convicted and sentenced to three years in the penitentiary upon a charge of forgery, and time was asked and granted in which the motion for a new trial could be made.

New Cases Reported--

The health officers report a number of new flu cases daily, and also a number of releases from quarantine. There is no change in the character of the illness, and only one or two cases assumed a serious stage, and all are on the mend now.

Evans Trial Monday--

The trial of Lark Evans is expected to be the first one called at the convening of the Jackson county circuit court next Monday. Indictments were returned against Evans Monday by the grand jury, and when he was arraigned he entered a plea of not guilty, his bond being left at the original amount, \$1,000. It is said that Evans will be defended by an attorney from Medford as well as by legal aid from Portland. The indictments against Evans are for larceny and robbery.

More Land Signed--

More acreage was signed in the petitions for inclusion in the Grants Pass Irrigation district yesterday, making a total of more than 800 acres of the body lying between the west limits of the city and the Lathrop ranch that is to be acted upon at the meeting Tuesday. Other lands will also be included in the petitions before Tuesday.

Grape Fruit From Texas--

I. F. Peck has received a box of grape fruit from the Mission valley, in Texas, and has given some of his friends an opportunity to sample some of the delicious product of the southern land. The fruits are especially large, and their flavor is unexcelled by any that finds its way into the markets. Mr. Peck made a "discovery" of the grape fruit of the Mission valley while in the oil districts of Texas during the past year, and the quality of the fruit certainly supports his judgment.

No Paron Encampment Tonight--

On account of the suspension of all public gatherings, there will be no meeting tonight of Paron Encampment No. 29, by order of the C. B. A. Williams, scribe. 900

Attending Newspaper Conference--

A. E. Voorhies went to Eugene last night to attend the second Oregon Newspaper Conference, in session Friday and Saturday. He will also be in conference with representatives of the 24 daily papers in Oregon outside of Portland, with reference to the print paper situation. The price of print paper is now 300 to 400 per cent higher than in 1915 and the supply is limited. Many papers throughout the country have been discontinued on account of the almost prohibitive price of paper.

County Agent Arrives--

Roy E. Miller, newly appointed county agricultural agent for this county, has arrived in the city ready to take up his duties in the solution of the problems that confront the farmers of this district. Mr. Miller comes with the highest of recommendations, and proved his worth by the successes that have followed him in his work. He is a "live wire" in his profession, and will be an addition to the community citizenship who will find ready welcome to Southern Oregon.

Want Army Supplies Store--

The Greater Medford club, from which a committee of ladies recently visited Grants Pass to investigate the army supply store conducted here under the auspices and direction of the city authorities, is heading an agitation for the establishment of a store at Medford. The committee that visited this city reported that the store was an advantage to the community, not being a detriment to business, but rather attracting much business to the community.

Mrs. Klocker Will Speak--

Mrs. A. J. Klocker, whose address at the Lincoln club banquet aroused so much favorable comment, has accepted an invitation to give an address next Saturday night at the George Washington banquet of the General Leonard Wood club of Portland. The club has a membership of 12,000 persons, and the well known Medford woman's friends are elated at the high honor bestowed on her. —Mail Tribune.
